Aerodrome works for the month include:

- General maintenance upkeep of facilities and equipment.
- Slashing and trimming Airside.
- Chipping weeds from runway strips and around fuel facilities and terminal building

Outstanding items:

- Separate phase for apron lighting so that the propeller blade can be seen as rotating. S & K came out and quoted for this job. The quote was \$4110 incl GST and included trenching from the terminal to the apron light pole. *I/H with CDSM*
- Investigate the cause of the low insulation resistance reading of the runway edge lighting circuit. More transformers and their associated parts have arrived and work will progress in the coming weeks.

Outstanding budgeted items:

- 1. Finalise the Fire Service. Hydrants have been installed. Waiting on electrical upgrade to be carried out before commissioning service
- 2. Additional Accommodation at Airport.

9.1.4 RANGERS REPORT – JUNE 2014

Details to report

I visited Meekatharra on Thursday 19 and Friday 20 June 2014. I checked the registration files for compliance and collected three complaints that had been received at the Shire office. I attended a meeting with the CEO and the CDSM regarding the Murdoch Vet Program and attended to other administrative requirements for the program.

Patrols were conducted to ascertain suitable locations for cages in the evening. Cages were then set in the early evening and monitored throughout the night.

The cages were removed in the early morning. Two feral cats were trapped.

A complaint was received concerning dogs at the Pensioner's Flats in Hill Street. I dealt with the complaint with the assistance of the Housing Manager. A dog had been reported missing and was located in Oliver Street. It was returned to its rightful owner.

Another complaint was dealt with in McCleary Street regarding a dog straying from its yard. The dog is registered and microchipped and was being looked after by a neighbour while the owners are away. The carer was made aware of the issues regarding the escaping dog.

Four feral cats were trapped during Friday afternoon at the South end of Darlot Street. The cats were removed.

Officers Recommendation / Council Resolution:

Moved: Cr PS Clancy Seconded: Cr AG Burrows

That the Ranger's report for June 2014 be received.

Summary:

Attached is a copy of the detailed outstanding Sundry Debtors.

Background:

At the end of every month an aged detailed trial balance is performed.

The following applies to all outstanding debtors –

>90 day – All outstanding debtors with 90 days or more are sent a 7 day debt collection letter.

>60 day – All outstanding debtors with 60 days or more are sent a reminder letter.

>30 day - All outstanding debtors with 30 days or more account are sent a statement with a reminder sticker attached.

Comment:

Although the outstanding > 90 day accounts are sent letters stating that they will be forwarded onto the debt collection agency, Council needs to be aware of the cost to do so. Therefore from time to time, in relation to minimal amounts i.e. landing fees it is required that Council write off the debt incurred.

Shire of Meekatharra Freedom of Information Statement reviewed July 2014

Background:

The Freedom of Information Act 1992 is an act which provides for public access to documents, and enables the public to ensure that personal information in documents is accurate, complete, up to date and not misleading, and for related purposes. The Community Development/Administration Officer is the Freedom of Information Officer for the Shire of Meekatharra.

The Freedom of Information Act 1992 requires the Shire of Meekatharra to publish and information statement that outlines the following:

- a statement of the structure and functions of the agency;
- a description of the ways in which the functions (including, in particular, the decision-making functions) of the agency affect members of the public;
- a description of any arrangements that exist to enable members of the public to participate in the formulation of the agency's policy and the performance of the agency's functions;
- a description of the kinds of documents that are usually held by the agency
- a description of the agency's arrangements for giving members of the public access to documents mentioned.
- a description of the agency's procedures for giving members of the public access to the documents of the agency including

- (i) the designation of the officer or officers to whom initial inquiries as to access to documents can be made; and
- (ii) the address or addresses at which access applications can be lodged
- a description of the agency's procedures for amending personal information in the documents of the agency 3 including —
- (i) the designation of the officer or officers to whom initial inquiries as to amendment of personal information can be made; and
- (ii) the address or addresses at which applications for amendment of personal information can be lodged.

The Shire of Meekatharra Freedom of Information Statement is required to be updated at intervals of not less than twelve months.

Comment:

Staff have reviewed and updated the Shire of Meekatharra's Freedom of Information Statement.

A letter was received from the Office of the Information Commissioner on receipt of the Freedom of Information Statement 2013 outlining suggested and required changes. These have now been included in the Information Statement 2014 presented to Council for adoption.

The reviewed document is attached for Council to approve.

4.0 DECISION MAKING FUNCTIONS

The Chief Executive Officer and other Officers have delegated authority from Council to make decisions on a number of specified administrative and policy matters. These delegations are listed in Council's Policy Manual.

Local Laws and Policies applying to the Shire of Meekatharra's district only, are made by Council under the Local Government Act 1995.

Council may provide that contravention of a provision of the local law is an offense, and may provide for penalties to be imposed.

12.9 PUBLIC PARTICIPATION IN THE FORMULATION OF POLICY AND PERFORMANCE OF SHIRE FUNCTIONS

Members of the public have a number of opportunities to put forward their views on issues before the Council.

These are:

- a) Question time for the public at each ordinary meeting of Council; and such other meetings of Council or Committees as prescribed.
- b) Written request presented to Council
- c) Through an Elected Member

6.1 Other Information Requests

Requests for other information not shown will be considered in accordance with the Freedom of Information (WA) Act 1992.

It is the aim of the Shire of Meekatharra to make information available promptly and at the least possible cost, and whenever possible documents will be provided outside the Freedom of Information process.

If information is not routinely available, the Freedom of Information Act 1992 provides the right to apply for documents held by the Shire of Meekatharra and to enable the public to ensure that personal information in documents is accurate, complete and up to date and not misleading.

Freedom of Information Applications

Access applications have to -

- · be in writing;
- give enough information so that the documents requested can be identified;
- give an Australian address to which notices can be sent; and
- be lodged at the Shire of Meekatharra's administration office with any fee payable.

The applicant may choose to complete and lodge a Shire approved form.

Applications and enquiries should be addressed to the Freedom of Information Officer or by telephone to:

The Freedom of Information Officer

Shire of Meekatharra PO Box 129 Meekatharra WA 6642

Phone: 08 9980 0600

Applications will be acknowledged in writing and the applicant will be notified of the decision within 45 (calendar) days.

Freedom of Information Charges

There are no fees and charges associated with Freedom of Information applications for personal information about the applicant. Fees and charges only apply for non-personal information.

		dealing with the application	\$30.00	

Access arrangements

Access to documents can be granted by way of inspection or a copy of a document.

Notice of Decision

As soon as possible but in any case with 45 days the applicant will be provided with a notice of decision which will include details such as

- the date the decision was made
- the name and the designation of the officer who made the decision
- if the document is an exempt document the reasons for the classifying the matter exempt; or the fact that access is given to an edited document
- information on the right to review and the procedures to be followed to exercise those rights.

Refusal of Access

Applicants who are dissatisfied with a decision of the agency are entitled to ask for an internal review by the Shire of Meekatharra. Application should be made in writing within 30 days of receiving the notice of decision.

Applicants will be notified of the outcome of the review within 15 days.

If the applicant disagrees with the result the applicant can apply to the Information Commissioner for an **external review**, and details would be advised to applicants when the internal review decision is issued.

12.9 AMENDMENT OF COUNCIL RECORDS

Access to Council documents may be gained by a member of the Public to seek amendments concerning their personal affairs by making a request under the Freedom of Information Act (WA) 1992.

Summary/Matter for Consideration:

Council to authorise transfer of \$18,926.76 from Trust Bank Account to Municipal Bank Account for monies held for more than 10 years.

Attachments:

List showing unclaimed amounts held in Trust for 10 plus years.

Background:

As per the Local Government Act 1995, Council maintain a Trust Account for monies held in trust.

Comment:

Section 6.9 (4) of the Local Government Act 1995 states:

"Where money has been held in the trust fund for 10 years it may be transferred by the local government to the municipal fund but the local government is required to repay the money, together with any interest earned from its investment, from that fund to a person claiming and establishing a right to the repayment."

Council can choose to leave this money in the trust accounts indefinitely or alternatively transfer these funds to Council's Municipal Account. Given that these amounts have been in trust for 10 plus years now it is unlikely that claimants will come forward. \$18,926.76 of trust funds have been held for 10 plus years with some funds sitting in Trust Account since 1988.

Consultation:

Roy McClymont, Chief Executive Officer

Statutory Environment:

"6.9. Trust fund

- (1) A local government is to hold in the trust fund all money or the value of assets
 - (a) that are required by this Act or any other written law to be credited to that fund; and
 - (b) held by the local government in trust.
- (2) Money or other property held in the trust fund is to be applied for the purposes of, and in accordance with, the trusts affecting it.
- (3) Where money or other property is held in the trust fund, the local government is to
 - (a) in the case of money, pay it to the person entitled to it together with, if the money has been invested, any interest earned from that investment;
 - (b) in the case of property, deliver it to the person entitled to it.
- (4) Where money has been held in the trust fund for 10 years it may be transferred by the local government to the municipal fund but the local government is required to repay the money, together with any interest earned from its investment, from that fund to a person claiming and establishing a right to the repayment."

Title/Subject: VENDING MACHINE AT AIRPORT

Agenda/Minute Number:9.4.1Applicant:B NeillFile Ref:ADM0066

Disclosure of Interest: Nil

Date of Report: 3 July 2014 **Author:** Geoffrey Carberry

Summary/Matter for Consideration:

This item is to consider the allowance of a vending machine containing mixture of drinks and confectionary in the airport terminal building.

Attachments:

Letter of request Application form Proposed agreement

Background:

On several occasions Council has received applications for persons to trade from the airport building, although these have been approved, it is the opinion of the airport manager only one vending machine was installed. This machine was unreliable and lacked any maintenance support. No agreement was signed for the use of the area and reimbursements of electricity costs.

Comment:

Investigations by staff have revealed that the applicant supplies a number of vending machines to the mining industry. The intended agreement is made up of a floor rental component and an electricity charges reimbursement as calculated from the information provided by the applicant.

Highlighted conditions of the agreement are:

- The vending machine will be stocked and maintained by the applicant.
- The Shire or the airport manager will not be responsible for any losses incurred.
- Should the vending machine be out of order for periods greater than seven days the airport manager has the power to request cancellation of the agreement.

Consultation:

M Trenfield – Airport Manager Mr B Neill – Applicant Bill Atyeo - EHO

Statutory Environment:

Local Government Act 1995s.3.1 (1)

9.49A. Execution of documents

- (1) A document is duly executed by a local government if
 - (a) the common seal of the local government is affixed to it in accordance with subsections (2) and (3); or
 - (b) it is signed on behalf of the local government by a person or persons authorised under subsection (4) to do so.
- (2) The common seal of a local government is not to be affixed to any document except as authorised by the local government.
- (3) The common seal of the local government is to be affixed to a document in the presence of
 - (a) the mayor or president; and
 - (b) the chief executive officer or a senior employee authorised by the chief executive officer,

each of whom is to sign the document to attest that the common seal was so affixed.

- (4) A local government may, by resolution, authorise the chief executive officer, another employee or an agent of the local government to sign documents on behalf of the local government, either generally or subject to conditions or restrictions specified in the authorisation.
- (5) A document executed by a person under an authority under subsection (4) is not to be regarded as a deed unless the person executes it as a deed and is permitted to do so by the authorisation.
- (6) A document purporting to be executed in accordance with this section is to be presumed to be duly executed unless the contrary is shown.
- (7) When a document is produced bearing a seal purporting to be the common seal of the local government, it is to be presumed that the seal is the common seal of the local government unless the contrary is shown.

Policy Implications:

Nil

Budget/Financial Implications:

The agreement outlines costs and fees to be paid.

It is calculated that the unit will use a maximum amount of electricity totaling five dollars per week at today's current rate charged.

MINUTES OF THE ORDINARY COUNCIL MEETING HELD ON SATURDAY 19 JULY 2014 Page 81

To: Meekatharra Shire 54 Main Street Meekatharra Ben Neill C/- Meekatharra Machinists and Maintenance P.O. Box 206 Meekatharra 27.05.2014

To whom it may concern,

I am applying in writing to ask permission to install a vending machine in at the Meekatharra Airport.

The Vending Machine I would like to install will have a mixture of drinks and confectionary to choose from.

I think that, as there is only a coffee and tea facility out at the airport, that the vending machine would be an asset for travellers coming and going from the airport.

I await your deliberation and decision on whether you would warrant me being able to put a vending machine in at the airport to give Meekatharra residents and travellers to the town a selection of drinks and confectionary at a competitive price, while they are either awaiting their flight or landing within the town.

Yours Sincerely

B. A. Neill.

Summary/Matter for Consideration:

This item is to present to Council for approval possible projects requiring external funding involving the Meekatharra airport. Items selected would be incorporated in to the Airport Management Plan which is currently under development.

Airport Plan

Background:

The Shire has been requested to provide brief details of any possible projects for the period 2015-2019 that may be considered for funding by the Regional Airport Development Scheme (RADS)

Comment:

In consultation with the Airport Manager the following were identified as possible projects.

- 1) Improvement of aircraft parking area lighting Currently bay 2 is not suitably lit to allow night time operations, by the relocation of two redundant aerial towers to the apron edge and providing lights and wiring both bay 2 and the improved bay 3 area (previous site of St Barbs Hangar) could be lit to the appropriate standard. Whilst this is not required under current traffic conditions it would bring the whole area into use for future night operations should it be required, remembering the funding period. Funding sought of \$35000 of the anticipated cost \$75000. Proposed year of works 2015/16 Suggested priority 1
- 2) Patient Transfer Facility Currently there is no facility to cater for the transfer of patients to and from RFDS planes. Whilst this could be seen as something to be addressed by WACHS or RFDS precedence has been set where local governments usually in partnership with service groups have funded such projects. They can be standalone facilities such as Katanning & Kojonup or combined as part of a terminal complex such as Hyden. In the case of Meekatharra it could be adjoined to the RFDS hangar located behind the office area and the gate to airside shifted towards the terminal. These facilities in their simplest form normally consist of a covered

MINUTES OF THE ORDINARY COUNCIL MEETING HELD ON SATURDAY 19 JULY 2014 Page 87

ambulance parking area and an air conditioned patient transfer room. To allow for serious incidents such as a multiple person transfer the room should be able to accommodate two transfers simultaneously. St Johns members have verbally supported this project. Estimated cost up to \$80,000. Proposed year of works 2015/16 Funding to be sought \$40,000 Suggested priority 2

- 3) Seal apron area along fence between Parking area 3 and RFDS. This would allow the opportunity of a hangar/s being built along the fence line that could encourage business opportunities such as tourism, aircraft servicing and repairs or storage of aircraft. This would be prudent upon the removal of Hangar 131 from its current location. Estimated cost \$120,000 Proposed year of works 2015/16 Funding sought \$60,000 Suggested priority 3
- 4) Improve runway 15/33 by re sheeting the surface and improving drainage to allow greater resilience to wet conditions. Cost to be fully evaluated estimate \$480,000. Proposed year of works 2016/17 Funding sought \$240,000 Suggested priority 2
- 5) Upgrade runway lighting circuit. Currently the runway lights are set at 90m spacing's which is greater than the standard distance of 60m as required by the current Airport Standards. The current situation is noted in a NOTAM and the ERSA documentation. Due to its location away from external light sources the airport is allowed to continue to operate under this abnormality to the standards. Work is currently under way to identify a low insulation resistance problem on the runway lighting circuit. From early indications it appears to be the transformers attached to the circuit at each light (91) that are failing and not the actual wiring but due to its age and the way it was installed the wiring is also showing some degradation. Consideration should be given to the total replacement of the circuit and equipment and upgrade to the new standard. The standard requires all lights to be of the same intensity therefore this upgrade would involve the replacement of all light fittings at the same time. Estimated cost \$450,000-\$500,000 proposed year of works 2017/18, funding sort \$250,000. Suggested priority 1 in this time frame.
- 6) Major upgrade of terminal building. Whilst the terminal is reasonable well maintained it is now showing its age and the fact it was a reasonably cheap design and construction. A number of regional airports have undergone major terminal rebuilds. The project could see improved luggage handling & book in facilities along with improved passenger comfort. Cost would be reliant on design and construction materials chosen. Proposed year of works 2018/2019 Funding requested for additions \$750,000 of \$1,600,000. Suggested priority 2 at current usage but raise to level 1 if demand increases.

It should be noted that any project that increases infrastructure will also affect the long term viability of the Airport by also increasing the required depreciation amount.

Council Resolution

Moved: Cr PS Clancy Seconded: CR HJ Nichols

That the projects for inclusion in the forward planning submission for Regional Airport Development Scheme (RADS) funding are as listed below;

- Improvement of aircraft parking area lighting Currently bay 2 is not suitably lit to allow night time operations, by the relocation of two redundant aerial towers to the apron edge and providing lights and wiring both bay 2 and the improved bay 3 area (previous site of St Barbs Hangar) could be lit to the appropriate standard. - Upgrade runway lighting circuit. Currently the runway lights are set at 90m spacings which is greater than the standard distance of 60m as required by the current Airport Standards. The current situation is noted in a NOTAM and the ERSA documentation. Due to its location away from external light sources the airport is allowed to continue to operate under this abnormality to the standards.

Agency	Shire of Meekatharra
Funding Sought	\$35000 of \$75000

Problem Identification

Apron lighting not meeting requirement for night operations

Investment Purpose

. To allow safe night hours operation of aircraft Increase safety of Staff and aircrew

Scope

Install 2 light towers and lights to comply with required lighting standards for night operations

Strategic Merit

Current apron works will vastly improve the serviceability of the aerodrome by raisin g the standard of lighting the use of these improvements will be further enhanced Giving greater flexibility to operations

Urgency and achievability

100% achievable high possibility this will be required in the funded period

Options Considered

Closing improved area to night operations restricting operations of the facility

Problem Identification

Lack of patient transfer facilities causing patients to be held in an ambulance in the outside.

Investment Purpose

·	
To build a patient transfer facility	

Scope

Build a patient transfer facility consisting of a covered ambulance bay and a transfer room capable of allowing the simultaneous transfer of 2 patients

Strategic Merit

Considering the lack of major trauma facilities and the need to transfer out a large number of patients on an increasing basis, this facility will greatly enhance the safety of patients and medical staff in allowing the transfer of patients in controlled conditions

Urgency and achievability

100% achievable Rated as priority 2

Funding Sought	\$60,000 of \$120,000

Problem Identification

Lack of sealed area around RFDS area due to greater number of in/out flights

Investment Purpose

To improve safety and operations within the apron area by providing a sealed surface to operate on. To improve airport drainage thus ensuring safe operations during wet conditions

Scope

Extend sealed apron area bounded by current bay 3a/b parking area air side fence RFDS taxiway and RFDS hangar.

Improve drainage if same area by installing pipe s on current open drain

Strategic Merit

These works will improve the safe operation of aircraft in the RFDS area, thus allowing more flexibility

Funding Sought	\$240,000 of \$480,000

Problem Identification

Inability to utilise RNY 15/33 during or after wet conditions

Investment Purpose

To improve safety and operations of RNY 15/33 so as to provide greater back up to RNY 09/33 during adverse conditions

Scope

Re gravel RNY 15/33 to provide greater compaction levels and improve drainage of the area

Strategic Merit

Currently this runway must be closed during adverse weather conditions thus reducing the effective safety of the aerodrome. By improving this runway less maintenance costs will be incurred and the operation of the aerodrome enhanced.

Urgency and achievability

100% achievable Rated as priority 1

Options Considered

Continue to close runway during adverse conditions.

Problem Identification

Runway 09/33 lighting does not meet standards as required by MOS 139

Investment Purpose

To improve safety and operations of RNY 09/33 by meeting the required standards as set down by MOS139 for runway lighting in particular 60m spacing's of lights against the current 90m spacing. Replace aging in ground cabling and transformers

Scope

Replace the current runway lighting circuit with new cabling, transformers & lights at 60m spacing's to comply with MOS139

Strategic Merit

These works will ensure continued compliance with the required standards. Whilst current lighting is acceptable to pilots and is noted in the ESRA the current lighting circuit is showing signs of age and poor installation technques

Urgency and achievability

100% achievable Rated as priority 1 for the nominated year

Options Considered

Funding Sought	To be confirmed \$750,000 of \$1.600,000

Problem Identification

Aging infrastructure not meeting passenger and operational needs

Investment Purpose

Improve standard of facility to allow more efficient operations by multiple operators and to improve passenger useability

Scope

Design addition to terminal to create a building that better meets operational requirements. Increase check in area & baggage handling areas. Improve facilities for airport users.

Strategic Merit

The current terminal is small and does not allow efficient passenger handling for multiple operators. Increased use would see problems occur in providing checkin and baggage handling. The facility is small and very dated, a new facility would assist in providing greater user comfort.

Urgency and achievability

100% achievable Rated as priority 1 for the nominated year

Options Considered

Continue as is and in time risk a total failure of the lighting circuit
