## 9.1.2. AIRPORT MANAGER'S REPORT- MARCH 2021

## Aircraft Movements and Statistics

Aircraft movements for General Aviation increased compared to March 2020 with an increase in small mining charter aircraft and helicopter movements noted. Regular charter, RPT & RFDS aircraft have remained consistent throughout March compared to March 2020. Combined fuel sales for the month of March 2021 increased on March 2020 and can be attributed to the increase in GA aircraft traffic.

The figures below reflect the differences between March 2020 and March 2021.

|                          | Mar 20 | Mar 21 | Variance |
|--------------------------|--------|--------|----------|
| General Aircraft Landed: | 85     | 124    | +45%     |
| RFDS Landed              | 67     | 67     | 0%       |
| Avgas                    | 7347   | 10547  | +43%     |
| Jet A1                   | 36998  | 58351  | +57%     |
| Total Fuel Sold          | 44345  | 68898  | +55%     |

|                          | YTD 2020 | YTD 2021 | Variance |

| Total Fuel Sold          | 146553   | 183202   | +25%     |

## Aerodrome Works:

Aerodrome works for the month include:

- General maintenance and upkeep of facilities and equipment.
- Lawns / gardens and terminal plants upkeep.
- Ongoing weed spraying and chipping occurring airside along runway strips to keep weed growth to a minimum and restrict grass height.
- Removal of small stone (25mm) from runway strip surfaces
- Change out Secondary Illuminated Wind Direction Indicator Wind Sock due to Wear and Tear.

## Aerodrome Maintenance Requiring Completion:

- Crack Patching to runway and apron surfaces.
- Runway surface & Runway End Stopping Area (RESA) Bitumen fog spray.
- Gravel Runway re-sheeting surface. \*\*Further degradation of runway & taxiway (B) surface noted during month of January due to dry conditions and high winds removing surface soil and causing rutting\*\*
- Rolling of movement area surfaces (Aprons, Taxiways, Runway 09/27) not undertaken due to late return of multi wheel roller and decrease in daily ambient temperature.

## Aerodrome Security:

Nil incidents to report.

## Safety Management System:

Nil to report.

## Budget items completed:

Nil pending.

## Airport Emergency:

Nil emergencies to report.

## Bird/Animal Activity:

Bird & animal activity around the Meekatharra aerodrome has remained a low risk.

#### General:

COVID-19 cleaning and sanitizing of public areas continued to be undertaken on an increased schedule to ensure a safe environment for users of the airport facilities.

Compulsory wearing of face masks was introduced at all airports across Western Australia as a further preventative measure against COVID-19 transmission. To date 99.9% of people entering the airport have complied with the wearing of masks with those few spoken to then complying with wearing a mask. The local Police have been conducting random inspections of the airport to ensure compliance with the WA Government directive.

Activities are underway to review and update the Aerodrome Manual with Aerodrome Management Services as the contracted consultant to ensure compliance of the Aerodrome with the new Civil Aviation Safety Regulations MOS 139 Standards.

Aerodrome annual technical & annual electrical inspections were completed mid March. Pending receipt of reports for review. Inspectors indicated no non-compliances found during inspections.

March continued to be a busy time for the youth of Meekatharra. Our school term timetable was in full swing with multiple swimming pool sessions a week after school and busy evening sessions. Due to the heat it was no surprise that evening sessions saw a big increase in attendance especially towards the end of the month when many kids who school away from Meeka returned for the start of their holidays.

Fortunately, the returning youth has settled back into our system quickly and with no incident which is a testament to the stable and consistent environment our team has worked hard to maintain over the last three years.

In even more positive news we have continued to see growth in the participation of our 13 and older young people at activities. Which is great to see as it is a demographic which as a result of Covid last year had struggled to re-engage.

April will see the end of the pool season so we will be implementing different afternoon activities to beat the heat. Big events will also be a feature with us running the Shires Easter event alongside our holiday program and our towns hosting of the Stephen Michael Foundations first Murchison Sporting Carnival of 2021.

## **Officers Recommendation / Council Resolution:**

**Moved:** 

**Seconded:** 

That the Youth Sport and Recreation Services Officer's report for March 2021 be received.

## **Summary:**

Monthly Financial Report

## **Background:**

Financial Activity Statement Report – s.6.4

- (1A) In this regulation committed assets means revenue unspent but set aside under the annual budget for a specific purpose.
- (1)A local government is to prepare each month a statement of financial activity reporting on the revenue and expenditure, as set out in the annual budget under regulation 22(1)(d), for that month in the following detail
  - (a) annual budget estimates, taking into account any expenditure incurred for an additional purpose under section 6.8(1)(b) or (c); and
  - (b) budget estimates to the end of the month to which the statement relates; and
  - (c) actual amounts of expenditure, revenue and income to the end of the month to which the statement relates; and
  - (d) material variances between the comparable amounts referred to in paragraphs (b) and (c); and
  - (e) the net current assets at the end of the month to which the statement relates.
- (2) Each statement of financial activity is to be accompanied by documents containing
  - (a) an explanation of the composition of the net current assets of the month to which the statement relates, less committed assets and restricted assets; and
  - (b) an explanation of each of the material variances referred to in subregulation (1)(d); and
  - (c) such other supporting information as is considered relevant by the local government.
- (3) The information in a statement of financial activity may be shown
  - (a) according to nature and type classification; or
  - (b) by program; or
  - (c) by business unit.
- (4) A statement of financial activity, and the accompanying documents referred to in subregulation (2), are to be —
  - (a) presented at an ordinary meeting of the council within 2 months after the end of the month to which the statement relates; and
  - (b) recorded in the minutes of the meeting at which it is presented.
- (5) Each financial year, a local government is to adopt a percentage or value, calculated in accordance with the AAS, to be used in statements of financial activity for reporting material variances.

## Comments/Notes - Investments

- This note reflects the Actual Bank Balances as per the Shire Bank Statements.
- Any difference between the amounts shown at this note compared to Note 2 will be due to undeposited funds and unpresented payments.
- The Auditor General recommended that Local Government should recognise Bonds and funds controlled as Municipal funds, as opposed to previously being recognised as Trust Funds. The Trust fund should only hold funds not controlled by the Shire.

### **Summary/Matter for Consideration:**

Council to determine the Rates in the dollar and minimum rates for the 2021-2022 financial year.

### **Attachments:**

Proposed Objects and Reasons 2021/22 Differential Rates.

### **Background:**

As per Council Policy 4.7 the proposed differential rates are to be set at this Ordinary Council Meeting to allow Council to comply with the timeframes for the statutory requirements.

### **Comment:**

Many factors must be considered when setting the rate in \$ for the various rating categories.

A unique consideration last year and this year is the impact that the Corona Virus 2019 pandemic has had and may continue to have on local ratepayers and the economy. Local businesses and ratepayers have been impacted by the Commonwealth Government and States Government's decisions to close various businesses and the Western Australian borders, as well as the requirements to self-isolate and other enforced travel restrictions. These have affected the earning capacity of many.

Council may again consider again consider supporting rate payers and the community by a nil increase for Rates compared to the 2020/21.

A nil increase in rates in the dollar, based on current system valuations, will result in an increase in rates revenue of \$213,507 (due to an almost \$1.3M increase in UV Mining valuation from newly granted assessments).

### Further considerations for setting the Rate in \$

If any ratepayer has an objection to his valuation the Valuation of Land Act sets out the manner in which objections may be instituted as regards valuations. Objections must be lodged with the Valuer General's Office within 60 days of the issue of Notice of Valuation and Rate. If a successful objection is lodged rates will be adjusted accordingly

If Council plan to impose a differential rate which is more than twice the lowest differential rate, Ministerial approval must be sought as per requirements of the Local Government Act 1995 Section 6.33.

### These factors include:

- Consideration of the proposed budget deficiency;
- Substantial increases in rates need to be justified. It cannot just be Consumer Price Index (CPI) without valid reasoning substantiating this;
- Objects and Reasons are required to be prepared which explain the logic behind each different rate and minimum payment;
- Advertising the proposed differential rates and minimum payments for the required minimum of twenty one days (the first day being the day after publication date);
- Consulting with individual ratepayers if only a small number are affected by a significant change to their rates;
- Considering whether the minimum payment applies to more than fifty per cent of the properties in any rating category other than vacant land; and
- Ensuring that compliance with Section 6.33(3) if Council intend to impose a differential general rate which is more than twice the lowest differential general rate by ensuring Ministerial approval is granted prior to imposition of the rates.

In accordance with the Department of Local Government and Communities Circular No. 10-2016, Council are extremely mindful of considering Council requirements in regards to expenditure and efficiency measures and are required to bear this in mind when setting the rates in the \$ this financial year. Examples of past and proposed expenditure consideration and efficiency measures are:

- reviewing the need and remuneration of each position as vacancies arise;
- consideration of the purchase of large items of plant with regards to new or second hand as the downturn in mining in Western Australia has resulted in many excellent buys due to the surplus of used lower hour plant being available;
- installing energy efficient fixtures in Shire infrastructure;
- negotiating best prices for purchases especially larger purchases such as bulk fuel;
   and
- determine the best use of shire infrastructure.

A number of discussions have taken place to ensure expenditure is optimised as efficiently as possible. These include:

- the renovations of the Lloyd's building on the Main Street and the best use. Council had made a prior decision to renovate a portion of the existing structure rather than build new. This decision was made with regards to cost and heritage significance to the town. To assist with ongoing decisions that would need to be made as the renovation progressed a Lloyd's Working Group was formed. Over the course of the renovations a number of meetings were held to discuss the renovations. One of these was whether the fit out of rental areas such as the café was something that Council should be funding or should be a cost for the tenant. The decision was that having a fully working, operational kitchen was more likely to attract tenants. This was an expense that Council validated.
- lighting to the recently completed skate park. After considering the benefits and the possible problems with having this area illuminated at night, it was determined that if suitable funding could be sourced that Council would reconsider the installation of lighting at the site.
- the need for staff housing. Council currently have five vacant one bedroom furnished units available to house staff. All houses are tenanted. We are also in the unusual position where three admin staff, one community development staff member and two outside crew provide their own housing. There is no way to predict future needs and it is not prudent to have housing sit vacant for extended periods of time. Council

therefore consider the purchase or building of new housing to not be a valid expense at this time.

- Council will be giving consideration in the upcoming budget to the building of a new house suitable for attracting and retaining a Chief Executive Officer. The incumbent CEO has been employed with the Shire for over 10 years and when his contract expires it may be prudent to have a new, more centrally located residence to attract and/or retain high quality CEO applicants in the future. The current dwelling was built in the early 80's and whilst well maintained and in good condition it may not be of an acceptable standard today.
- doing a comprehensive assessment of all plant owned by the Shire to consider disposal, replacing, upgrading or retaining.
- the benefits of employing a mechanic or continuing to engage contractors on an as needed basis. It was deemed that servicing and repairing the shires plant and equipment through contractors was the most cost effective.
- installation of a telemetry system to reduce the need for manual monitoring of water tanks being filled. The system will reduce overflow (thereby reducing resource wastage and unnecessary expense) and time spent monitoring.

The below table shows the total rates revenues raised for the preceding five years and increase/decrease in rate revenue both in terms of \$ and % value.

The draft Long Term Financial Plan has been considered but given the current pandemic it is considered that all measures to minimise the rate revenue is warranted. Staff do not expect any major revaluation on properties within the shire to be undertaken between now and adoption of the budget.

It is possible but unlikely that significant changes to the valuations will happen this year since GRV won't be revalued until late 2021/22 (every six years). UV Pastoral and UV Mining are updated every year though and are therefore subject to (unforeseeable) change. Staff present to Council figures based on the current valuations as it is not possible to predict the valuations of the rate book as at 1 July 2021.

When considering what rate in the \$ to adopt for different rating categories in the 2021/22 period Council should be aware that the preliminary draft budget shows that the deficiency required to be made up by rates is a similar amount to last year.

The resulting revenue is based on valuations currently on Councils rate book. Every month Council receive a Mining tenement schedule from the Valuer General Office (VGO). This schedule lists all revaluations as determined by the VGO, change of ownership, change of ownership address and change of status of tenements, whether they have been granted or surrendered. Given that there are still another three tenement schedules that are to be entered on the rating system before the rates run, it is highly likely that the valuation figure may be different to what is presented here and there is no way for staff to predict what the valuation figure will be at that time. It is possible that there may be changes to other category valuations as well before 1 July 2021.

The valuation changes between the time that Council have set the rate in the \$ until rates are raised have previously resulted in the following differences in rating yield:

| Year    | Budget<br>Rates | Actual<br>Rates | Difference |
|---------|-----------------|-----------------|------------|
| 2011/12 | \$3,336,134     | \$3,588,555     | \$252,421  |
| 2012/13 | \$3,741,189     | \$3,884,850     | \$143,661  |
| 2013/14 | \$4,016,146     | \$3,878,308     | -\$137,838 |
| 2014/15 | \$4,160,518     | \$4,188,509     | \$27,991   |
| 2015/16 | \$3,794,353     | \$3,973,554     | \$179,201  |
| 2016/17 | \$3,809,135     | \$3,819,382     | \$10,247   |
| 2017/18 | \$3,930,466     | \$3,922,172     | -\$8,294   |
| 2018/19 | \$4,127,142     | \$4,256,749     | \$129,607  |
| 2019/20 | \$4,178,603     | \$4,307,157     | \$128,555  |
| 2020/21 | \$4,297,568     | \$4,541,259     | \$243,691  |

The discrepancy is addressed during budget reviews. Last year's increase was the result of rental increases imposed by the Department of Mines, Industry Regulation and Safety which impacted on the valuation and the rates raised. The UV Mining valuation at the time of rates modelling was \$18,000,946. By the time all subsequent schedules and rental increases were input into the system the UV Mining valuations had increased to \$19,041,07 which is just over a \$1M increase.

Whenever Council imposes a differential general rate which is more than twice the lowest differential general rate, Council must give local public notice, consider any submission received in response and seek Ministerial approval. The timeframes required in regards to advertising and considering of submissions prior to seeking Ministerial approval are set out in the Act. Adherence to this is mandatory and does complicate the budget process therefore it would be ideal if the margin between UV Mining and UV Pastoral could be reduced.

UV Pastoral rate was increased by 10% in 2016/17, a further 10% in 2017/18 and 12% in 2018/19. UV Mining remained at 19.0389 from 2014/15 to 2017/18 then increased by 3% in 2018/19 to 19.6101. No changes to the rates were made to either rates since then. Reducing the differential rate margin so Council no longer needs to seek Ministerial approval anymore would mean either lowering UV Mining and/or increasing UV Pastoral by 31.68% to 9.8052. To achieve this a couple of years ago would have required an increase of 48.22% so the gap is gradually closing.

Alternatively Council could continue to reduce the differential rates margin gradually over a number of years.

Presented below are some scenarios that Council may wish to consider when setting the rates in the dollar for the different rating categories.

In 2015/16 GRV revenue increased by  $\sim$ 9%. The increase was achieved despite Council reducing the rate in the \$ to buffer the impact that the increase in revaluation received from Valuer General would have on rates. In 2017/18 the rate in the \$ for GRV was increased by 3%. Since then the rate has remained static with very similar revenue raised each year.

Ideally to assist in reducing the gap between the UV categories Council may wish to give consideration to retaining the same rate in the dollar for UV Mining or increasing it by a minimal amount. However, Council need to be mindful of whether this is fair and equitable to ratepayers in the other categories as UV Mining is the highest user of Council services and facilities especially roads which is a major cost to Council. The last increase to UV Mining was in 2018/19 by 3%.

<sup>\*</sup>Decrease in 2017/18 UV Pastoral revenue is due to a revaluation on an assessment (Valuation decreased from \$1,200,000 to \$900,000 as at 1/07/2017)

In 2018/19 UV Pastoral valuation decreased by \$90,000. This was due to a valuation being received \$100K less than what was on our system and another property with a value of \$10K was confirmed to be rateable.

During 2009/2010 the Valuer General determined significant increases in pastoral lease rents across the State. In the Meekatharra Shire this equated to an average increase of 123% which resulted in excessive rate increases for pastoral properties in 2010/2011. There was, however a huge disparity between the valuations across the Meekatharra Shire – with increases ranging from 0% to 379%. Council resolved to waiver the increase for the year ended 30 June 2011.

In 2011/12 Council reduced the rate in the \$ for the Pastoral UV to receive similar rate revenue as in the previous year from Pastoralists.

Council have gradually been increasing the rate in the \$ since then. There has been no change to the rate in the \$ for either UV Mining or UV Pastoral for the last two years. To no longer require Ministerial approval to adopt rates in \$, an unrealistic increase of 31.68% is required to the UV Pastoral rate. Another option could be to reduce the UV Mining rate and increasing the UV Pastoral rate.

If the rate in the \$ was increased for UV Pastoral from 7.4462 to 9.8052 (the figure needed to no longer require Ministerial approval if no change is made to the UV Mining Rate in \$), revenue

in this category would increase by \$106,036. Of the sixty-seven UV Pastoral properties, forty-five would have increased rates. Forty-two would have an increase between \$91.23 and \$3,830.31 with the average being \$1,455.19. Three other UV Pastoral properties would have extremely high increases. These would be \$11,892 (pastoral property), \$11,795 (accommodation camp) and \$21,231 (outback travel centre).

The table below shows the requirements to seek Ministerial approval since 2010/2011 as the highest differential rate (UV Mining) has been more than twice the lowest differential rate (UV Pastoral).

|           | Adopted Rate in \$ |          |                                  | Ministerial |

| 2019/2020 | 19.6101            | 7.4462   | UV Mining 2.63 times UV Pastoral | Yes*        |

<sup>\*</sup>Normally Ministerial approval would have had to have been sought in 2020/21 but due to Covid-19 pandemic this requirement was waived in 2020/2021 if Council adopted the same rate in \$'s from the previous year.

It is important to realize that obtaining Ministerial approval is getting increasingly more difficult. Real efforts must be made to close the gap between UV Pastoral and UV Mining.

The following table shows if UV Pastoral rate in the \$ was increased by 12% and UV Mining increased 3% each year for this year and a further three years, Ministerial approval would no longer be required.

|           | UV         | UV         |  |           |
|-----------|------------|------------|--|-----------|
|           | Mining     | Pastoral   |  | Rates     |
|           | Rate in \$ | Rate in \$ | Comparison   | Revenue*  |
| 2020/2021 | 19.6101    | 7.4462     | UV Mining 2.63 times UV Pastoral                                     | 4,256,749 |
| 2021/2022 | 20.1984    | 8.3397     | UV Mining 2.42 times UV Pastoral                                     | 4,541,259 |
| 2022/2023 | 20.8044    | 9.3405     | UV Mining 2.22 times UV Pastoral                                     | 4,912,720 |
| 2023/2024 | 21.4285    | 10.4614    | UV Mining 2.05 times UV Pastoral                                     | 5,079,245 |
| 2024/2025 | 22.0713    | 11.7167    | UV Mining 1.88 times UV Pastoral (Ministerial approval not required) | 5,254,887 |

<sup>\*</sup> Assuming no changes are made to Valuations, GRV rate in \$ or Minimums

Under the same assumptions if each year UV Pastoral and UV Mining are increased by 10% and 4% respectively it would be 2025/26 when Ministerial approval would not be required. The rates would be UV Pastoral 11.9922 and UV Mining 23.8587.

### **Minimums**

Council also need to consider the minimum payment when setting the rate in the \$. In 2020/21 the minimum payments for surrounding shires was:

|             | Meekatharra | Wiluna  | Cue | Mt Magnet | Yalgoo | Ashburton | East Pilbara | Sandstone | Upper Gascoyne | Murchison |
|-------------|-------------|---------|-----|-----------|--------|-----------|--------------|-----------|----------------|-----------|
| GRV         | 400         | 370-490 | 451 | 152-818   | 290    | 728-1263  | 663          | 220       | 200            | -         |
| UV Mining   | 350         | 370     | 451 | 469       | 290    | 1,263     | 430          | 335       | 450            | 450       |
| UV Pastoral | 350         | 370     | 451 | 455       | 290    | 1,263     | 230          | 335       | 412            | 320       |

Council should be aware that in accordance with Local Government Act 1995 Section 6.35 no more than half the properties can be subject to the minimum within each category. The current minimum amounts would need to be increased substantially for this to be an issue for the Shire of Meekatharra.

Based on the rate in the \$ remaining the same in 2021/22 as it was in 2020/21 the GRV Minimum could be increased to \$710, UV Mining Minimum increased to \$650 and the UV Pastoral increased in excess of \$1500 and still comply. The following table shows the number of properties that would be on Minimum at these values. It is not suggested that Council increase the Minimum amounts to these levels but to show Council that increasing the Minimums is an option.

|             | Minimum<br>Amount | Total No.<br>of<br>Properties | No. of properties on Minimum |  |
|-------------|-------------------|-------------------------------|------------------------------|--|
| GRV         | 710               | 401                           | 197                          |  |
| UV Mining   | 680               | 1119                          | 559                          |  |
| UV Pastoral | 1500              | 67                            | 28                           |  |

The above figures will be affected by any change to the rate in the \$ but it is unlikely that unless Council propose a significant increase to either the rates in the \$ or the Minimum amounts applied that Council will breach the Act.

Local Government Act 1995 – Section 6.32 Rates and service charges.

- "6.32. Rates and service charges
- (1) When adopting the annual budget, a local government —
- (a)in order to make up the budget deficiency, is to impose\* a general rate on rateable land within its district, which rate may be imposed either —
- (i)uniformly; or
- (ii)differentially;

and

(b)may impose\* on rateable land within its district—

(i)a specified area rate; or

(ii)a minimum payment;

and

(c)may impose\* a service charge on land within its district.

- \* Absolute majority required.
- (2) Where a local government resolves to impose a rate it is required to—
- (a)set a rate which is expressed as a rate in the dollar of the gross rental value of rateable land within its district to be rated on gross rental value; and
- (b)set a rate which is expressed as a rate in the dollar of the unimproved value of rateable land within its district to be rated on unimproved value.
- (3) A local government —
- (a)may, at any time after the imposition of rates in a financial year, in an emergency, impose\* a supplementary general rate or specified area rate for the unexpired portion of the current financial year; and

(b) is to, after a court or the State Administrative Tribunal has quashed a general valuation, rate or service charge, impose\* a new general rate, specified area rate or service charge.

(4) Where a court or the State Administrative Tribunal has quashed a general valuation the quashing does not render invalid a rate imposed on the basis of the quashed valuation in respect of any financial year prior to the financial year in which the proceedings which resulted in that quashing were commenced.

Local Government Act 1995 – Section 6.33 Differential general rates

### "6.33. Differential general rates

- (1) A local government may impose differential general rates according to any, or a combination, of the following characteristics —
- (a) the purpose for which the land is zoned, whether or not under a local planning scheme or improvement scheme in force under the Planning and Development Act 2005; or
- (b)a purpose for which the land is held or used as determined by the local government; or
- (c)whether or not the land is vacant land; or
- (d)any other characteristic or combination of characteristics prescribed.
- (2) Regulations may —
- (a) specify the characteristics under subsection (1) which a local government is to use; or (b) limit the characteristics under subsection (1) which a local government is permitted to use.
- (3) In imposing a differential general rate a local government is not to, without the approval of the Minister, impose a differential general rate which is more than twice the lowest differential general rate imposed by it.
- (4) If during a financial year, the characteristics of any land which form the basis for the imposition of a differential general rate have changed, the local government is not to, on account of that change, amend the assessment of rates payable on that land in respect of that financial year but this subsection does not apply in any case where section 6.40(1)(a) applies.
- (5) A differential general rate that a local government purported to impose under this Act before the Local Government Amendment Act 2009 section 39(1)(a) came into operation <sup>1</sup> is to be taken to have been as valid as if the amendment made by that paragraph had been made before the purported imposition of that rate.

[Section 6.33 amended by No. 38 of 2005 s. 15; No. 17 of 2009 s. 39; No. 28 of 2010 s. 34.]"

Local Government Act 1995 – Section 6.35 Minimum payment

### "6.35. Minimum payment

(1) Subject to this section, a local government may impose on any rateable land in its district a minimum payment which is greater than the general rate which would otherwise be payable on that land.

<sup>\*</sup> Absolute majority required.

- (2) A minimum payment is to be a general minimum but, subject to subsection (3), a lesser minimum may be imposed in respect of any portion of the district.
- (3) In applying subsection (2) the local government is to ensure the general minimum is imposed on not less than —
- (a)50% of the total number of separately rated properties in the district; or
- (b)50% of the number of properties in each category referred to in subsection (6),

on which a minimum payment is imposed.

- (4) A minimum payment is not to be imposed on more than the prescribed percentage of —
- (a)the number of separately rated properties in the district; or
- (b) the number of properties in each category referred to in subsection (6),

unless the general minimum does not exceed the prescribed amount.

- (5) If a local government imposes a differential general rate on any land on the basis that the land is vacant land it may, with the approval of the Minister, impose a minimum payment in a manner that does not comply with subsections (2), (3) and (4) for that land.
- (6) For the purposes of this section a minimum payment is to be applied separately, in accordance with the principles set forth in subsections (2), (3) and (4) in respect of each of the following categories —
- (a)to land rated on gross rental value; and
- (b)to land rated on unimproved value; and
- (c)to each differential rating category where a differential general rate is imposed."

Local Government Act 1995 – Section 6.36 Notice of certain rates.

- "6.36. Local government to give notice of certain rates
- (1) Before imposing any differential general rates or a minimum payment applying to a differential rate category under section 6.35(6)(c) a local government is to give local public notice of its intention to do so.
- (2) A local government is required to ensure that a notice referred to in subsection (1) is published in sufficient time to allow compliance with the requirements specified in this section and section 6.2(1).
- (3) A notice referred to in subsection (1)—
- (a)may be published within the period of 2 months preceding the commencement of the financial year to which the proposed rates are to apply on the basis of the local government's estimate of the budget deficiency; and
- (b)is to contain —
- (i)details of each rate or minimum payment the local government intends to impose; and
- (ii)an invitation for submissions to be made by an elector or a ratepayer in respect of the proposed rate or minimum payment and any related matters within 21 days (or such longer period as is specified in the notice) of the notice; and
- (iii) any further information in relation to the matters specified in subparagraphs (i) and (ii) which may be prescribed;

(c) is to advise electors and ratepayers of the time and place where a document describing the objects of, and reasons for, each proposed rate and minimum payment may be inspected.

- (4) The local government is required to consider any submissions received before imposing the proposed rate or minimum payment with or without modification.
- (5) Where a local government —
- (a)in an emergency, proposes to impose a supplementary general rate or specified area rate under section 6.32(3)(a); or
- (b)proposes to modify the proposed rates or minimum payments after considering any submissions under subsection (4),

it is not required to give local public notice of that proposed supplementary general rate, specified area rate, modified rate or minimum payment."

## Shire of Meekatharra 2021/2022 Differential Rate Model - Object and Reasons

The Shire of Meekatharra is in the process of formulating the 2021/2022 budget and has developed a differential rate model. In accordance with Section 6.36 of the Local Government Act 1995, the Shire of Meekatharra is required to publish its Objects and Reasons for Implementing Differential Rates.

Those objects and reasons are noted below:

### Overall Objective:

The proposed rates in the 2021/2022 Budget is to provide for the net (i.e. after considering all other forms of revenue) funding requirement of the Council's services, activities, financing costs and current and future capital works requirements.

Property valuations provided by the Valuer General are used as the basis for the calculation of rates each year. Differentially rating properties based on zoning and/or land use maintains equity in the rating of properties across the Shire.

#### Gross Rental Value (GRV)

A GRV is applied to all properties within townsite boundaries. The GRV is determined by the Valuer General and is the basis for calculating the annual rates. Demolitions, construction and additions can affect the GRV of the property. If this occurs during the year an amended GRV is provided to the Shire by the Valuer General and Council recalculates the rates and issues interim notices.

The object of the GRV rate is to allow sufficient revenue for Council to operate efficiently and provide a diverse range of services while maintaining consistent revenue to 2020/2021 for GRV assessments.

The reason for the level of GRV rate is to allow for a fair contribution to the maintenance and provision of town infrastructure and services to a sustainable level.

### Unimproved Value (UV)

### UV Pastoral

This differential rate is applied to those properties that are outside of the townsite that have a commercial use inclusive of:

- · Crown Pastoral leases or Pastoral use;
- · Communication transmission sites; and
- Roadhouses

The object of the UV Pastoral rate is to ensure that the proportion of total rate revenue derived from UV Pastoral is comparable with previous years and provides the base rate to assess the other UV rated properties.

The reason for the lower rate for UV Pastoral is to reflect the lower impact on transport infrastructure compared to the UV Mining category. Generally Pastoralists carry out minor road maintenance with their own machinery.

Pastoral leases within the Shire of Meekatharra are normally large parcels of land that attract a relatively high valuation. The Pastoral UV rate ensures that every landowner makes a reasonable contribution to the rate burden.

### UV Mining

The UV Mining differential rate is applied to properties that are used for mining, exploration or prospecting purposes.

The object of the UV Mining rate is to raise the necessary revenue for Council to operate efficiently and provide a diverse range of services.

The reason for setting UV Mining rate at a higher level than UV Pastoral is to ensure a sector of ratepayers, that essentially are transitory, contributes to the maintenance of the Shire's established assets and services to the extent that the mining operators use them.

#### These include:

- Unsealed roads amongst the services utilised by ratepayers with tenements would be the extensive network of unsealed roads within the Shire. A substantial amount of budgeted capital expenditure is for works on Shire roads.
- Refuse site Mining and Exploration activities impose a heavy burden on the shire refuse site increasing maintenance cost and shortening the life of the landfill site.
- Resources Mining removes finite resources from the shire. Ultimately this
  will have an impact on the mining industry within the shire, which will in turn
  impact rate revenue in future years.
- Shire administration Mining, Exploration and Prospecting activities impose a greater administration service requirement on the shire (applications, enquiries, tenement changes and revaluations).

Furthermore, in general mining operators use established Shire services and infrastructure but contribute very little or no enterprise to the community.

The Valuer General values each category of mining tenement differently with prospecting and exploration licenses valued lower and mining leases valued higher. The valuations therefore mean that the Shire rates paid by each category of mining

tenement are appropriately scaled and there is no requirement to set individual rates for each tenement type.

#### Minimums

Council has established minimum rates for each category. These minimums may exceed the amount that would be calculated for each assessment.

### Minimum Rate GRV

The minimum for GRV is higher than that for the UV Categories as a number of the assessments that the minimum will apply to, are vacant blocks. Additional expense is incurred by council in maintaining these vacant lots in a clean and safe condition as owners are generally absent.

### Minimum UV Pastoral

The setting of a minimum rate for UV Pastoral is to ensure that every landowner makes a reasonable contribution to the rate burden.

### Minimum UV Mining

The setting of a minimum rate for UV Mining is to ensure that every landowner makes a reasonable contribution to the rate burden.

### **Summary/Matter for Consideration:**

Council to consider and set the member sitting fees and allowances for 2021/22 financial year, within the range as determined by the Salaries and Allowances Tribunal (SAT).

### **Attachments:**

Nil

### **Background:**

The Local Government Act 1995 and Local Government (Administration) Regulations 1996 give an entitlement to elected members of a sitting fee for attending Council and Committee meetings. The SAT on 8 April 2020 determined certain payments that are to be made or reimbursed to elected Council members with effect from 1 July 2020. No increases were made to allowance rates/ranges from the previous determination applicable to Meekatharra Council. The Shire of Meekatharra does have capacity within its current band to increase sitting fees.

### **Comment:**

The determination by the Salaries and Allowances Tribunal sets the range of payments and allowances within which local governments are required to set the actual amount. The Shire of Meekatharra is a Band 3 Council.

No increases to any allowance was made in 2019/20 or 2020/21.

In 1999/2000 Council set the Presidents Allowance at \$8,000 per annum and the Deputy Presidents Allowance at \$2,000 per annum. In 2018/19 (18 years later) Council resolved to set the following fees:

- Presidents Allowance \$20,000. This was an increase of \$12,000 per annum and slightly above the median of the range as set by SAT.
- Deputy Presidents Allowance \$5,000. Pursuant to section 5.98A(1) of the Local Government Act Council may pay the deputy president of the local government, an allowance of up to 25 percent of the annual allowance to which the president of the Local Government is entitled.

The following table shows the increase in Meeting Allowances over the years.

| Item                                     | 1999/00 | 2013/14 | 2014/15 | 2018/19 |

| Committee Meeting – All – per meeting    | \$60    | \$70    | \$100   | \$200   |

The following table shows the fees and allowances set in 2019/20 and retained in 2020/21, the SAT Ranges effective from 1 July 2020 and the SAT Range median for each fee and allowance.

| Item  | 2019/20 and<br>2020/21<br>Adopted fees<br>and allowances | SAT Range from 1<br>July 2020 | Median \$ of<br>SAT Range |

| Committee Meeting –<br>All – per meeting    | \$200  | \$97 - \$205                  | \$151.00                  |

There is the option for Council to pay an Annual attendance fees in lieu of council meeting, committee meeting and prescribed meeting attendance fees.

The SAT range for the Annual Attendance fees are:

|        | Councillor |          | President |          |  |
|--------|------------|----------|-----------|----------|--|
|        | Minimum    | Maximum  | Minimum   | Maximum  |  |
| Band 3 | \$7,688    | \$16,367 | \$7,688   | \$25,342 |  |

If Council determines to pay the Annual Attendance Fee it could mean that a Councillor who only attends the minimum required number of meetings may be paid the same as a Councillor who attend all meetings including Committee meetings.

As per the SAT determination of 9 April 2019 ICT (Information & Communication Technology Allowance (ICT) means:

- "a) Rental charges in relation to one telephone and one facsimile machine, as prescribed by regulation 31(1)(a) of the LG Regulations; or
- b) Any other expenses that relate to information and communications technology (for example, telephone call charges and internet service provider fees) and that are a kind of expense prescribed by regulation 32(1) of the LG Regulations"

Staff are unable to tell if Council have previously set an allowance for ICT but have adopted an allocation of \$500 Fax & Email Costs in the Adopted Budgets for a number of years now. Adopted Budgets in the early 2000's show an allocation was made for Telecommunications for reimbursement of Telephone and Fax costs for Councillors. The most that was actually spent in a year was \$500.

Council may set an annual allowance for ICT, travel and accommodation.

SAT have determined that the minimum annual allowance for ICT expenses is \$500 and the maximum annual allowance is \$3,500. An annual allowance for travel and accommodation expenses is \$50.

If Council choose to set an annual allowance for ICT and/or travel and accommodation, any expense in excess of the allowance and in accordance with Council Policy may be reimbursed.

Reimbursement for travel costs incurred while driving a privately owned or leased vehicle (rather than a commercially hired vehicle) are to be calculated at the same rate contained in Section 30.6 of the Local Government Officers' (Western Australia) Interim Award 2011 (Award) as at the date of this determination (8 April 2020) as per determination 8.2 (5)

The following are the rates stated in the Award:

### **Summary/Matter for Consideration:**

This report presents the revised Schedule of Fees and Charges to Council for its consideration.

### **Attachments:**

Revised Schedule of Fees and Charges with highlights on the change from the previous year.

### **Background:**

The Local Government Act 1995 allows Councils to recoup some costs through the implementation of a Schedule of Fees and Charges.

### **Comment:**

The Schedule of Fees and Charges is included as part of the Statutory Budget and is required to be reviewed at least annually.

Increases need to be justified and cannot simply be based on Consumer Price Index (CPI) figures. Many of the presented fees and charges are the same as last year's.

The 2020/21 Schedule of Fees and Charges was adopted with nil increase from the previous year to support rate payers and the community who may have been affected financially by Covid 19. As the pandemic continues Council may again consider nil or negligible increases to the Schedule of Fees and Charges.

It is also suggested to further assist ratepayers recover from the financial impact that the pandemic has had, that:

- the interest on overdue Rates/Rubbish which was capped at 8%; and
- the interest on Instalments of Rates Rubbish which was capped at 3%

in accordance with the 2020 Ministerial Covid response order (circular 03-2020) for the 2020/21 financial year not be increased in 2021/22. The maximum interest rates that may be applied as per Local Government (Financial Management) Regulations sections 70 and 68 is 11% and 5.5% respectively.

The rates for General Rates are not yet shown in this Draft Schedule of Fees and Charges as this is being presented separately at this Council meeting.

Overall an extensive review of the Schedule of Fees and Charges was undertaken a few years ago so staff suggest only a few amendments and new inclusions. These are:

Rounding to assist with cash handling

1. Reduce the Miscellaneous key bond by \$5 to round down to \$50 for ease of cash handling.

4. Increase the Gym Swipe Card bond for ease of cash handling. The \$30 bond is taken in cash and most intended users provide the bond as a \$50 note. Staff have to then find \$20 for change. The bond is refunded when the user returns the gym swipe card. Being also a low amount some users deem it is not worthwhile returning the card for \$30. Increasing the bond to \$50 may be more of an incentive for users to seek the return of their bond.

### Amend wording

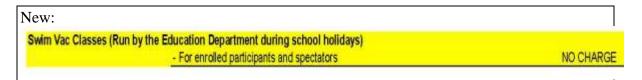

6. Sports Complex – additional cleaning charge

Hirers of the sports complex were to be charged for cleaning in excess of 3 hours (same as hall). The normal time to clean the complex is only 1 hour so it is suggested to reduce this to anything in excess of one hour. Recently a hire left the premises in such a state that it took the cleaners 3 hours to clean (well above normal clean time and it was obvious no attempt to clean had been made). The hirers but could not charge for additional cleaning.

### New Charge or Fee

7. Swim Vac classes – this year the Education Department ran a Vac Swim with a small number of participants and spectators. They were not charged for entry under school activities but to ensure that there is no confusion it is suggested that this is included in the schedule as a separate item.

8. Hire fees for the use of conference room, short term hire of hairdressing salon or a shop space. All proposed fees have a cleaning component factored in to cover costs of cleaning communal areas. All hirers are to be responsible for covering general cleaning of their hired area.

The hairdressing salon is non-exclusively leased for a minimum of 5 days a month to a visiting person who offers hairdressing services. To utilise this space as much as possible and offer as many services as possible to the community, the space is offered to other potential short term hirers as long as the use falls within the purpose the space was designed for.

At the time of submitting this item, one of the shop spaces is still vacant. To allow this space and any other future vacant shop spaces to be hired short term eg as a pop-up shop, it is necessary to have a hire fee.

It is suggested that the conference room is hired on an hourly basis with the minimum hire being 4 hours to cover administration and cleaning costs.

All of these short term hires will require approval prior to hiring after being assessed by the Centre Manager, regardless of whether this is the Shire or a Shire appointed Manager, to ensure that the purpose of hire and conditions of hire are appropriate for the space.

### Remove Charge or Fee

There is a charge for Defence Force in the 2020/21 Schedule of Fees and Charges. This fee is set by the Defence Force and managed by the Australian Airport Association. The amount paid is not within the control of the Shire. It is therefore suggested the fee be removed from the Schedule.

Local Government Act 1995 section 6.16 allows for the setting of the Schedule of Fees & Charges.

- "6.16. Imposition of fees and charges
- (1) A local government may impose\* and recover a fee or charge for any goods or service it provides or proposes to provide, other than a service for which a service charge is imposed.
  - \* Absolute majority required.
- (2) A fee or charge may be imposed for the following —

- (a) providing the use of, or allowing admission to, any property or facility wholly or partly owned, controlled, managed or maintained by the local government;
- (b) supplying a service or carrying out work at the request of a person;
- (c) subject to section 5.94, providing information from local government records;
- (d) receiving an application for approval, granting an approval, making an inspection and issuing a licence, permit, authorisation or certificate;
- (e) supplying goods;
- (f) such other service as may be prescribed.
- (3) Fees and charges are to be imposed when adopting the annual budget but may be
  - (a) imposed\* during a financial year; and
  - (b) amended\* from time to time during a financial year.
  - \* Absolute majority required.

#### 6.17. Setting level of fees and charges

- (1) In determining the amount of a fee or charge for a service or for goods a local government is required to take into consideration the following factors
  - (a) the cost to the local government of providing the service or goods; and
  - (b) the importance of the service or goods to the community; and
  - (c) the price at which the service or goods could be provided by an alternative provider.
- (2) A higher fee or charge or additional fee or charge may be imposed for an expedited service or supply of goods if it is requested that the service or goods be provided urgently.
- (3) The basis for determining a fee or charge is not to be limited to the cost of providing the service or goods other than a service
  - (a) under section 5.96; or
  - (b) under section 6.16(2)(d); or
  - (c) prescribed under section 6.16(2)(f), where the regulation prescribing the service also specifies that such a limit is to apply to the fee or charge for the service.
- (4) Regulations may
  - (a) prohibit the imposition of a fee or charge in prescribed circumstances; or
  - (b) limit the amount of a fee or charge in prescribed circumstances.

#### 6.18. Effect of other written laws

- (1) If the amount of a fee or charge for a service or for goods is determined under another written law a local government may not
  - (a) determine an amount that is inconsistent with the amount determined under the other written law; or
  - (b) charge a fee or charge in addition to the amount determined by or under the other written law.

- (2) A local government is not to impose a fee or charge for a service or goods under this Act if the imposition of a fee or charge for the service or goods is prohibited under another written law.
  - 6.19. Local government to give notice of fees and charges

If a local government wishes to impose any fees or charges under this Subdivision after the annual budget has been adopted it must, before introducing the fees or charges, give local public notice of —

- (a) its intention to do so; and
- (b) the date from which it is proposed the fees or charges will be imposed."

#### **Summary/Matter for Consideration:**

Council to consider adopting the Model Standards for CEO Recruitment, Performance and Termination (Standards).

#### **Attachments:**

Model Standards for CEO Recruitment, Performance and Termination.

Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination February 2021

#### **Background:**

New and amended regulations (New Regulations) were gazetted on Tuesday 2 February 2021 and took effect on 3 February 2021. New sections of the Local Government Act 19956 (the Act) that provided for the New Regulations were proclaimed concurrently and are also now in effect.

There is an implementation phase of up to three months during which time a series of actions must be taken to operationalize the New Regulations.

#### **Comment:**

The Standards relate to:

- the recruiting of CEO's;
- the performance review of CEO's; and
- the termination of CEO's.

The Model Standards are presented for Council adoption as the Shire of Meekatharra Standards. These are the minimum mandatory standards. Council may include additional provisions provided they are consistent with the Model standards. At this time no additional provisions have been identified as being required.

#### **Recruitment of CEO**

If the CEO position becomes vacant, or the incumbent has been in the role for a period of 10 or more years, the local government must carry out a recruitment and selection process.

The incumbent CEO may have their contract of employment renewed if they are selected in accordance with the recruitment and selection processes. This process must be carried out before the expiry of the CEO's contract of employment.

The current CEO's contract expires on 28 May 2023. He has held the position for 10 plus consecutive years so even if the CEO notifies Council that he would like to renew his contract, the recruitment and selection process must be complied with.

A very brief overview of the recruiting and selection process is as follows.

- Council must determine the selection criteria and approve a job description form by Absolute Majority which sets out the duties and responsibilities of the position.
- Must advertise the position. The State-wide public notice must include a website address where the job description form for the position can be assessed. (The requirement for the website to be included is applicable for the advertising of the vacant position of CEO and senior employees)
- Council must establish a selection panel which comprises of council members (number to be determined by Council) and at least one independent person. The independent person cannot be a current elected member, an employee of the local government or a human resources consultant engaged by the Local Government.
- After applicant(s) have been assessed by the panel, council to consider a summary of assessment for each applicant and the panel's recommendation.
- If no applicants are deemed suitable by the panel the selection panel is to recommend to Council that the process be commenced again and also recommend any changes that they should consider in the duties
- Before offering the position of CEO to an applicant Council must by Absolute Majority approve the making of the offer and the proposed terms of the contract of employment.
- Once an offer is made the applicant is able to negotiate the contract. If the
  previously approved contract is amended Council would need to approve the
  negotiated contract by an Absolute Majority.
- As soon as practical after an appointment of a CEO, Council must by an Absolute Majority, certify that the person was employed in accordance with the local government's adopted standards.
- A copy of the resolution to be given to the Departmental CEO with 14 days after the resolution is passed by Council.

#### **Performance review of CEO**

The Local Government Act 1995 Section 5.38(1) requires that a local government must review the performance of the CEO if the CEO is employed for a term of more than 1 year.

The current CEO's performance review is conducted annually in May.

Briefly the process for the performance review is as follows:

- A written agreement between the CEO and the local government on the process for the performance review and any performance criteria.
- The performance review must be carried out in an impartial and transparent manner.
- The performance review must thoroughly and comprehensively collect and review evidence against contractual and any additional performance criteria.
- Council must by an Absolute Majority endorse the review.

• Council must inform the CEO in writing of the results of the review and if any issues were identified with the CEO's performance, how it proposes to address and manage those issues.

#### **Termination of CEO**

- The decision to terminate a CEO must be in an impartial and transparent manner.
- Procedural fairness must be followed including informing the CEO of their rights, entitlements and responsibilities in relation to the termination process.
- Local government is to notify the CEO of any allegations made against them and allow them the opportunity to respond and genuinely consider the CEO's response.
- If the intent to terminate is due to performance, the local government must have identified the performance issues during a performance review within the previous 12 months. The CEO needed to be informed of any performance issues identified and have been given a reasonable opportunity to address and implement a plan to remedy the issues. Council needs to determine that the issues have not been remedied to their satisfaction.
- Any decision to terminate must be made by Absolute Majority resolution of Council.
- A written notice of termination of employment, setting out the reasons, must be given to the CEO.
- As soon as practical after a CEO's employment is terminated, Council must by an Absolute Majority, certify that the CEO's employment was terminated in accordance with the local government's adopted standards.
- A copy of the resolution to be given to the Departmental CEO with 14 days after the resolution is passed by Council.

That Council adopt the Shire of Meekatharra's Standards for CEO Recruitment, Performance and Termination as presented and publish on the Shire of Meekatharra's official website in accordance with s5.39B(6) of the Local Government Act 1995.

## Shire of Meekatharra's Standards for CEO Recruitment, Performance and Termination

#### Division I - Preliminary provisions

#### I. Citation

These are the Shire of Meekatharra Standards for CEO Recruitment. Performance and Termination

#### 2. Terms used

 In these standards -Act means the Local Government Act 1995:

additional performance criteria means performance criteria agreed by the local government and the CEO under clause 16(1)(b);

applicant means a person who submits an application to the local government for the position of CEO:

contract of employment means the written contract, as referred to in section 5.39 of the Act, that governs the employment of the CEO;

contractual performance criteria means the performance criteria specified in the CEO's contract of employment as referred to in section 5.39(3)(b) of the Act;

**job description form** means the job description form for the position of CEO approved by the local government under clause 5(2);

local government means the Shire of Meekatharra;

**selection criteria** means the selection criteria for the position of CEO determined by the local government under clause 5(1) and set out in the job description form;

selection panel means the selection panel established by the local government under clause 8 for the employment of a person in the position of CEO.

(2) Other terms used in these standards that are also used in the Act have the same meaning as they have in the Act, unless the contrary intention appears.

#### Division 2 - Standards for recruitment of CEOs

#### 3. Overview of Division

This Division sets out standards to be observed by the local government in relation to the recruitment of CEOs.

#### 4. Application of Division

- Except as provided in subclause (2), this Division applies to any recruitment and selection process carried out by the local government for the employment of a person in the position of CEO.
- (2) This Division does not apply -
  - (a) if it is proposed that the position of CEO be filled by a person in a class prescribed for the purposes of section 5.36(5A) of the Act; or
  - (b) in relation to a renewal of the CEO's contract of employment, except in the circumstances referred to in clause 13(2).

#### 5. Determination of selection criteria and approval of job description form

- (1) The local government must determine the selection criteria for the position of CEO, based on the local government's consideration of the knowledge, experience, qualifications and skills necessary to effectively perform the duties and responsibilities of the position of CEO of the local government.
- (2) The local government must, by resolution of an absolute majority of the council, approve a job description form for the position of CEO which sets out —
  - (a) the duties and responsibilities of the position; and
  - (b) the selection criteria for the position determined in accordance with subclause (1).

#### 6. Advertising requirements

- (1) If the position of CEO is vacant, the local government must ensure it complies with section 5.36(4) of the Act and the Local Government (Administration) Regulations 1996 regulation 18A.
- (2) If clause 13 applies, the local government must advertise the position of CEO in the manner referred to in the Local Government (Administration) Regulations 1996 regulation 18A as if the position was vacant.

#### Job description form to be made available by local government

If a person requests the local government to provide to the person a copy of the job description form, the local government must —

(a) in form the person of the website address referred to in the Local Government (Administration) Regulations 1996 regulation 18A(2)(da); or

- (b) if the person advises the local government that the person is unable to access that website address –
  - i) email a copy of the job description form to an email address provided by the person; or
  - (ij) mail a copy of the job description form to a postal address provided by the person.

#### 8. Establishment of selection panel for employment or CEO

(1) In this clause -

independent person means a person other than any of the following -

- (a) a council member;
- (b) an employee of the local government;
- (c) a human resources consultant engaged by the local government.
- (2) The local government must establish a selection panel to conduct the recruitment and selection process for the employment of a person in the position of CEO.
- (3) The selection panel must comprise -
  - (a) council members (the number of which must be determined by the local government); and
  - (b) at least 1 independent person.

#### 9. Recommendation by selection panel

- (1) Each applicant's knowledge, experience, qualifications and skills must be assessed against the selection criteria by or on behalf of the selection panel.
- (2) Following the assessment referred to in subclause (1), the selection panel must provide to the local government –
  - (a) a summary of the selection panel's assessment of each applicant; and
  - (b) unless subclause (3) applies, the selection panel's recommendation as to which applicant or applicants are suitable to be employed in the position of CEO.

- (3) If the selection panel considers that none of the applicants are suitable to be employed in the position of CEO, the selection panel must recommend to the local government —
  - (a) that a new recruitment and selection process for the position be carried out in accordance with these standards; and
  - (b) the changes (if any) that the selection panel considers should be made to the duties and responsibilities of the position or the selection criteria.
- (4) The selection panel must act under subclauses (1), (2) and (3)
  - (a) in an impartial and transparent manner; and
  - (b) in accordance with the principles set out in section 5.40 of the Act.
- (5) The selection panel must not recommend an applicant to the local government under subclause (2)(b) unless the selection panel has –
  - (a) assessed the applicant as having demonstrated that the applicant's knowledge, experience, qualifications and skills meet the selection criteria; and
  - (b) verified any academic, or other tertiary level, qualifications the applicant claims to hold; and
  - (c) whether by contacting referees provided by the applicant or making any other inquiries the selection panel considers appropriate, verified the applicant's character, work history, skills, performance and any other claims made by the applicant.
- (6) The local government must have regard to, but is not bound to accept, a recommendation made by the selection panel under this clause.

#### 10. Application of cl. 5 where new process carried out

- (1) This clause applies if the local government accepts a recommendation by the selection panel under clause 9(3)(a) that a new recruitment and selection process for the position of CEO be carried out in accordance with these standards.
- (2) Unless the local government considers that changes should be made to the duties and responsibilities of the position or the selection criteria –
  - (a) clause 5 does not apply to the new recruitment and selection process;

(b) the job description form previously approved by the local government under clause 5(2) is the job description form for the purposes of the new recruitment and selection process.

#### 11. Offer of employment in position of CEO

Before making an applicant an offer of employment in the position of CEO, the local government must, by resolution of an absolute majority of the council, approve –

- (a) the making of the offer of employment to the applicant; and
- (b) the proposed terms of the contract of employment to be entered into by the local government and the applicant.

#### 12. Variations to proposed terms of contract of employment

- (1) This clause applies if an applicant who is made an offer of employment in the position of CEO under clause 11 negotiates with the local government a contract of employment (the *negotiated contract*) containing terms different to the proposed terms approved by the local government under clause II (b).
- (2) Before entering into the negotiated contract with the applicant, the local government must, by resolution of an absolute majority of the council, approve the terms of the negotiated contract.

#### 13. Recruitment to be undertaken on expiry of certain CEO contracts

(1) In this clause -

commencement day means the day on which the Local Government (Administration) Amendment Regulations 2021 regulation 6 comes into operation.

- (2) This clause applies if -
  - (a) upon the expiry of the contract of employment of the person (the incumbent CEO) who holds the position of CEO
    - (i) the incumbent CEO will have held the position for a period of 10 or more consecutive years, whether that period commenced before, on or after commencement day; and
    - (ii) a period or 10 or more consecutive years has elapsed since a recruitment and selection process or the position was carried out, whether that process was carried out before, on or after commencement day; and

- (b) the incumbent CEO has notified the local government that they wish to have their contract or employment renewed upon its expiry.
- (3) Before the expiry or the incumbent CEO's contract or employment, the local government must carry out a recruitment and selection process in accordance with these standards to select a person to be employed in the position of CEO after the expiry of the incumbent CEO's contract or employment.
- (4) This clause does not prevent the incumbent CEO's contract of employment from being renewed upon its expiry if the incumbent CEO is selected in the recruitment and selection process referred to in subclause (3) to be employed in the position or CEO.

#### 14. Confidentiality of information

The local government must ensure that information provided to, or obtained by, the local government in the course of a recruitment and selection process for the position of CEO is not disclosed, or made use or, except for the purpose of, or in connection with, that recruitment and selection process.

#### Division 3 - Standards for review of performance of CEOs

#### 15. Overview of Division

This Division sets out standards to be observed by the local government in relation to the review of the performance of CEOs.

#### Performance review process to be agreed between local government and CEO

- The local government and the CEO must agree on
  - (a) the process by which the CEO's performance will be reviewed; and
  - (b) any performance criteria to be met by the CEO that are in addition to the contractual performance criteria.
- (2) Without limiting subclause (1), the process agreed under subclause (1)(a) must be consistent with clauses 17, 18 and 19.
- (3) The matters referred to in subclause (1) must be set out in a written document.

#### Carrying out a performance review

- A review of the performance of the CEO by the local government must be carried out in an impartial and transparent manner.
- (2) The local government must –

- (a) collect evidence regarding the CEO's performance in respect of the contractual performance criteria and any additional performance criteria in a thorough and comprehensive manner; and
- (b) review the CEO's performance against the contractual performance criteria and any additional performance criteria, based on that evidence.

#### 18. Endorsement of performance review by local government

Following a review of the performance of the CEO, the local government must, by resolution of an absolute majority of the council, endorse the review.

#### CEO to be notified of results of performance review

After the local government has endorsed a review of the performance of the CEO under clause 18, the local government must inform the CEO in writing of –

- (a) the results of the review; and
- (b) if the review identifies any issues about the performance of the CEO how the local government proposes to address and manage those issues.

## <u>Division 4 - Standards for termination of employment of CEO's</u>

#### 20. Overview of Division

This Division sets out standards to be observed by the local government in relation to the termination of the employment of CEOs.

#### 21. General principles applying to any termination

- (1) The local government must make decisions relating to the termination of the employment of a CEO in an impartial and transparent manner.
- (2) The local government must accord a CEO procedural fairness in relation to the process for the termination of the CEO's employment, including —
  - (a) in forming the CEO of the CEO's rights, entitlements and responsibilities in relation to the termination process; and
  - (b) notifying the CEO of any allegations against the CEO; and
  - (c) giving the CEO a reasonable opportunity to respond to the allegations; and
  - (d) genuinely considering any response given by the CEO in response to the allegations.

### 22. Additional principles applying to termination for performance-related reasons

- (1) This clause applies if the local government proposes to terminate the employment of a CEO for reasons related to the CEO's performance.
- (2) The local government must not terminate the CEO's employment unless the local government has –
  - (a) in the course of carrying out the review of the CEO's performance referred 10 in subclause (3) or any other review of the CEO's performance, identified any issues (the performance issues) related to the performance of the CEO; and
  - (b) in formed the CEO of the performance issues; and
  - (c) given the CEO a reasonable opportunity to address, and implement a plan to remedy, the performance issues; and
  - (d) determined that the CEO has not remedied the performance issues to the satisfaction of the local government.
- (3) The local government must not terminate the CEO's employment unless the local government has, within the preceding 12-month period, reviewed the performance of the CEO under section 5.38(1) of the Act.

#### 23. Decision to terminate

Any decision by the local government to terminate the employment of a CEO must be made by resolution of an absolute majority of the council.

#### 24. Notice of termination of employment

- If the local government terminates the employment of a CEO, the local government must give the CEO notice in writing of the termination.
- (2) The notice must set out the local government's reasons for terminating the employment of the CEO.

#### **Preface**

The Local Government Legislation Amendment Act 2019 includes a requirement for model standards covering the recruitment and selection, performance review and termination of employment of local government Chief Executive Officers (CEOs). These reforms are intended to ensure best practice and greater consistency in these processes between local governments.

The accompanying guidelines outline the recommended practice for local governments in undertaking these processes. These guidelines will assist local governments in meeting the model standards prescribed in the Local Government (Administration) Amendment Regulations 2021.

The standards and guidelines have been developed by the Department of Local Government, Sport and Cultural Industries (Department), in consultation with representatives from the Public Sector Commission, the Ombudsman, the Western Australian Local Government Association (WALGA) and Local Government Professionals WA (LGPro). The Department gratefully acknowledges the participation and contribution of these representatives.

The Department notes that the content of these guidelines does not necessarily reflect the views or policies of the organisations or individuals that have been consulted.

#### Part 1 – Recruitment and Selection

One of the fundamental roles of the council is the employment of the local government's CEO. The CEO is responsible for implementing the council's strategic vision and leading the local government administration.

#### **Principles**

A local government must select a CEO in accordance with the principles of merit, equity and transparency. A local government must not exercise nepotism, bias or patronage in exercising its powers. Additionally, a local government must not unlawfully discriminate against applicants. Section 5.40 of the *Local Government Act* 1995 (Act) lists a number of general principles of employment that apply to local governments.

#### Recruitment and Selection Standard

The minimum standard for recruitment and selection will be met if:

- \$1.1 The council has identified and agreed to the qualifications and selection criteria necessary to effectively undertake the role and duties of the CEO within that particular local government context.
- \$1.2 The council has approved, by absolute majority, the Job Description Form (JDF) which clearly outlines the qualifications, selection criteria and responsibilities of the position. The JDF is made available to all applicants.
- \$1.3 The local government has established a selection panel to conduct the recruitment and selection process. The panel must include at least one independent person who is not a current elected member, human resources consultant, or staff member of the local government.
- S1.4 The local government attracts applicants through a transparent, open and competitive process (this is not necessary for vacancies of less than one year). The local government must advertise a vacancy for the position of CEO in the manner prescribed.
- \$1.5 The local government has assessed the knowledge, experience, qualifications and skills of all applicants against the selection criteria.
- \$1.6 The local government has verified the recommended applicant's work history, qualifications, referees and claims made in their job application.
- \$1.7 The appointment is merit-based, with the successful applicant assessed as clearly demonstrating how their knowledge, skills and experience meet the selection criteria.

#### Recruitment and Selection Standard cont.

- \$1.8 The appointment is made impartially and free from nepotism, bias or unlawful discrimination.
- \$1.9 The council has endorsed by absolute majority the final appointment.
- \$1.10 The council has approved the employment contract by absolute majority.
- \$1.11 The local government re-advertises the CEO position and undertakes a recruitment and selection process after each instance where a person has occupied the position for ten (10) consecutive years.

#### Guidelines

#### Recruitment and selection process

The council of the local government should act collectively throughout the recruitment and selection process. To uphold the integrity of the process, the council must resist any attempt to influence the outcome through canvassing or lobbying.

The local government should carefully consider the role of the CEO. This includes the CEO's legislated powers and functions and their role as the head of the administrative arm of the local government. In determining the selection criteria for the position of CEO, it will be important for a local government to consider the needs of the community and the specific skills and experience that will be required of the CEO in that particular local government. The competencies the council looks for in its CEO should reflect the council's strategic community plan.

Once the essential skills and experience which form the selection criteria for the position have been established, the local government must set out the selection criteria (essential and desirable) and the responsibilities of the position in a Job Description Form (JDF). If emphasis is placed on certain selection criteria, this should be highlighted in the JDF so that applicants are aware of this. For example, some level of project management experience will usually be an important criterion, but if the local government is undertaking a major development such as a new recreation centre, added emphasis may need to be given to this criterion.

The JDF must be approved by an absolute majority of the council.

#### Advertising

The local government should ensure that applicants are clearly informed about the application process, such as the application requirements, the closing date for applications and how applications are to be submitted. It is essential that this process is transparent and that each step in the process is documented. Associated records must be kept in a manner consistent with the State Records Act 2000 (WA).

It is a requirement that a local government is to give Statewide public notice if the position of CEO becomes vacant. Statewide public notice must contain:

- details of the remuneration and benefits offered;
- · details of the place where applications are to be submitted;
- the date and time applications close;
- · the duration of the proposed contract;
- · a web address where the JDF can be accessed;
- contact details for a person who can provide further information; and
- any other relevant information.

In order to attract the best possible pool of applicants for the position of CEO, it is recommended that local governments use a diverse range of advertising methods, mediums and platforms (in addition to the advertising requirement under section 5.36(4) of the Act). For example:

- advertising on the local government's website;
- posting on online jobs boards (e.g. SEEK);
- sharing the advertisement via professional networks; and
- undertaking an executive search.

A local government must publicly advertise the CEO position if the same person has remained in the job for 10 consecutive years. This requirement does not prevent the incumbent CEO from being employed for another term, provided they are selected in accordance with the standards for recruitment and selection.

#### Selection panel and independent person

Local governments are required to establish a selection panel to conduct and facilitate the recruitment and selection process. The selection panel should be made up of elected members (the number of which is determined by the council) and must include at least one independent person. The independent person cannot be a current elected member, human resources consultant, or staff member of the local government. Examples of who the independent person could be include:

- former elected members or staff members of the local government;
- former elected members (such as a Mayor or Shire President) or staff members of another local government;
- a prominent or highly regarded member of the community; or
- a person with experience in the recruitment of CEOs and senior executives.

The panel are responsible for assessing applicants and making a recommendation to council regarding the most suitable applicant or applicants. The essence of the role of an independent panel member is to bring an impartial perspective to the process and reduce any perception of bias or nepotism.

It is essential that prior to a person's appointment to a selection panel they are informed of the duties and responsibilities of their role and that of the panel. It is recommended that local governments develop a policy or terms of reference to facilitate this process that incorporate the standards for recruitment at Division 2 of the Local Government (Administration) Amendment Regulations (No.2) 2020. A policy should include important information that outlines:

- The primary functions of the panel;
- Roles and responsibilities of panel members;
- Composition of the panel;
- · Duration of term;
- Desirable criteria for appointment to the panel;
- A requirement that panel members sign a confidentially agreement and agree to the duties and responsibilities of their role; and
- Any other information the local government deems necessary for the panel to effectively carry out their role.

#### Independent human resources consultant

A local government should seek independent advice from a human resources consultant where the council lacks the capacity or expertise to facilitate the recruitment and selection process (or any aspect of it). A member of the human resources team within a local government should not be involved in the recruitment of a new CEO.

The consultant should not be associated with the local government or any of its council members. The consultant can be an independent human resources professional, recruitment consultant, or recruitment agency.

An independent human resources consultant can provide advice to the selection panel on how to conduct the recruitment process, or a local government may engage a consultant to support it in undertaking certain aspects of the recruitment process, such as one or more of the following:

- development or review of the JDF;
- · development of selection criteria;
- · development of assessment methods in relation to the selection criteria;
- drafting of the advertisement;
- executive search;
- preliminary assessment of the applications;
- shortlisting;
- drafting questions for interview;
- coordinating interviews;
- preparing the selection summary assessment and recommendation;

- · arranging for an integrity check and/or police clearance; and
- assisting the council in preparing the employment contract.

The consultant is not to be directly involved in determining which applicant should be recommended for the position, their role is not one of decision-maker.

It is recommended that rigorous checks be conducted on any independent consultants before they are engaged to ensure they have the necessary skills and experience to effectively assist the council. Local government recruitment experience may be beneficial but is not a requirement.

The independent human resources consultant must be able to validate their experience in senior executive recruitment and appointments. It is important to note that if the local government uses a consultant or agency to assist in finding applicants, they will require an employment agent licence under the *Employment Agents Act* 1976 (WA).

A good independent human resources consultant will bring expertise, an objective perspective and additional human resources to what is a complex and time-consuming process. Given the time and effort involved in finding a competent CEO, and the cost of recruiting an unsuitable CEO, there can be a good business case for spending money on a human resources consultant.

If a decision is made to engage an independent human resources consultant, it is imperative that the council maintains a high level of involvement in the process and enters into a formal agreement (contract) with them. In order to manage the contract efficiently, and ensure an effective outcome, regular contact with the consultant is required during the recruitment process. As with any contractor engagement, the local government must ensure their procurement and tender processes comply with the Act and the procurement policy of the local government.

#### Council's responsibilities

A human resources consultant cannot undertake the tasks for which the council is solely responsible. An independent consultant cannot and should not be asked to:

- Conduct interviews: This should be done by the selection panel. However, council may decide to interview applicants recommended by the selection panel. A consultant can provide support with interviews, providing advice on the recruitment and selection process and writing up recommendations. The consultant may also arrange referee reports and checks of applicants.
- Make the decision about who to appoint to the position of CEO: Only the council can make this decision, drawing upon advice from the selection panel.
- Negotiate the terms and conditions of employment: Noting that the consultant should be able to provide advice on remuneration constraints and other terms and conditions.

#### **Creating Diversity**

In order to ensure all applicants are given an equal opportunity for success, selection methods need to be consistent and objective. In a structured interview, each applicant should have the opportunity to answer the same primary questions with follow-up questions used to illicit further detail or clarification. Behavioural-based interview

questions are objective and gauge the applicants' suitability, reducing biases in assessment (see examples below).

Basing a selection decision on the results of a number of selection methods can help to reduce procedural shortcomings and ensure the best applicant is chosen. Psychometric, ability and aptitude testing are considered to be valid, reliable and objective. While applicants with extensive experience and reputable education may appear to be more qualified, an objective assessment of each person's ability and personal traits can help to provide a clearer picture of the applicant.

Where possible, it is recommended that local governments ensure diversity on the selection panel. This may be achieved by ensuring gender, ethnicity, age and experiential diversity is represented on the panel. Diversity is also a consideration when selecting an independent person for the selection panel, particularly where there is a lack of diversity on the council. A diverse selection panel will assist in making quality decisions regarding suitable applicants.

Individuals are often unaware of biases they may have. For this reason, it is helpful for the selection panel to undertake training about unconscious biases. Awareness of unconscious biases assists individuals in preventing those biases from interfering in their decision making. For example, if there are considerable discrepancies in the assessment scores between two panel members, discussion will be required to ensure bias has not influenced these scores. Allowing team members to acknowledge and recognise prejudices is essential to managing those biases. The following biases should be addressed:

- "Similar-to-me" effect if interviewers share the same characteristics with the applicants or view those characteristics positively, they are more likely to score them highly;
- "Halo" effect interviewers may let one quality (such as race, gender, looks, accent, experience, etc.) positively or negatively affect the assessment of the applicant's other characteristics.

# **Due Diligence**

It is essential that the local government ensures that the necessary due diligence is undertaken to verify an applicant's qualifications, experience and demonstrated performance. This includes:

- verifying an applicant's qualifications such as university degrees and training certificates;
- verifying the applicant's claims (in relation to the applicant's character, details
  of work experience, skills and performance) by contacting the applicant's
  referees. Referee reports should be in writing in the form of a written report, or
  recorded and verified by the referee;
- requesting that an applicant obtains a national police clearance as part of the application process; and
- ensuring no conflicts of interests arise by looking to outside interests such as board membership and secondary employment.

A council may wish to contact a person who is not listed as an applicant's referee,

such as a previous employer. This may be useful in obtaining further information regarding an applicant's character and work experience, and verifying related claims. The applicant should be advised of this and be able to provide written comments to the council.

A search of social media and whether an applicant has an online presence may also assist in identifying potential issues. For example, an applicant may have expressed views which are in conflict with the local government's values. This should be made clear in the application information. To ensure the integrity of the recruitment process, a council must act collectively when performing due diligence.

#### Selection

Once the application period closes, the selection panel, or consultant on behalf of the selection panel, must assess applications and identify a shortlist of applicants to be interviewed.

In shortlisting applicants for the interview phase, the selection panel should consider the transferable skills of applicants and how these would be of value in the role of CEO. The selection panel should not overlook applicants who do not have experience working in the local government sector.

It is important that the assessment process is consistent for all applicants. For example, each applicant is asked the same interview questions which are related to the selection criteria and each are provided with the same information and undertake the same assessments.

Elected members should declare any previous association with an applicant or any potential conflict of interest at the time of shortlisting if they are part of the selection panel. Similarly, if the interviews involve the full council, the elected member should make an appropriate declaration before the interviews commence. If the potential conflict of interest is significant or a member's relationship with an applicant may result in claims of nepotism, patronage or bias, the council may need to consider whether to exclude the elected member from the process. The decision should be documented and recorded for future reference.

Selecting an applicant should be based on merit; that is, choosing an applicant that is best suited to the requirements of the position and the needs of the local government. This involves the consideration and assessment of applicants' skills, knowledge, qualifications and experience against the selection criteria required for the role. As part of the selection process, a council may consider it appropriate for each of the preferred candidates to do a presentation to council.

The appointment decision by the council should be based on the assessment of all measures used, including:

- assessment technique(s) used (e.g. interview performance);
- quality of application;
- referee reports;
- verification and sighting of formal qualifications and other claims provided by the applicant; and
- other vetting assessments used (e.g. police checks, integrity checks, etc.).

#### **Employment contract**

In preparing the CEO's employment contract, the council must ensure the contract includes the necessary provisions required under section 5.39 of the Act and associated regulations.

Section 5.39 of the Act provides that a CEO's employment contract must not be for a term exceeding five years. The term of a contract for an acting or temporary position cannot exceed one year.

Further, the employment contract is of no effect unless it contains:

- the expiry date of the contract;
- · the performance review criteria; and
- as prescribed under regulation 18B of the Administration Regulations, the maximum amount of money (or a method of calculating such an amount) to which the CEO is to be entitled if the contract is terminated before the expiry date. The amount is not to exceed whichever is the lesser of:
  - the value of one year's remuneration under the contract; or
  - the value of the remuneration that the CEO would have been entitled to, had the contract not been terminated.

It is recommended that the council seeks independent legal advice to ensure that the contract is lawful and able to be enforced. In particular, advice should be sought if there is any doubt as to the meaning of the provisions of the contract.

Councils should be aware that CEO remuneration is determined by the Salaries and Allowances Tribunal and the remuneration package may not fall outside the band applicable to the particular local government.

The CEO's employment contract should clearly outline grounds for termination and the termination process in accordance with the standards in regulations.

The council of the local government must approve, by absolute majority, the employment contract and the person they appoint as CEO.

#### Appointment

A decision to make an offer of employment to a preferred applicant must be made by an absolute majority of council. If the preferred applicant accepts the offer and the proposed terms of the contract without negotiation, there is no further requirement for council to endorse the applicant and the contract. However, if there is a process of negotiation to finalise the terms and conditions of the contract, council is required to endorse the appointment and approve the CEO's employment contract by absolute majority. In both instances, the employment contract must be signed by all parties.

The council should notify both the successful individual and the remaining unsuccessful applicants as soon as possible before publicly announcing the CEO appointment.

The successful applicant should not commence duties with the local government as CEO until the employment contract has been signed.

The unsuccessful applicants (including those not interviewed) should be notified of the outcome of their application. It is recommended that the local government creates a template letter for unsuccessful applicants that can be easily personalised with the applicants' details and sent out quickly.

The council should keep a record of their assessment of the unsuccessful applicant(s) and provide the unsuccessful applicant(s) with the opportunity to receive feedback on their application, or interview performance if they were granted an interview. Should an unsuccessful applicant request feedback, it is recommended that a member of the selection panel provides this. If a recruitment consultant is used, they may undertake this task.

# Confidentiality

The local government should ensure that all information produced or obtained during the recruitment and selection process is kept confidential. This includes applicants' personal details, assessment details, the selection report and outcome of the process. This ensures privacy requirements are met and maintains the integrity of the process. It is recommended that selection panel members and councillors sign a confidentiality agreement to ensure that they are aware of their obligations.

#### **CEO** induction

Local governments should ensure that they provide the CEO with all of the necessary information on the local government's processes, policies, procedures and systems at the commencement of the CEO's employment.

New CEOs are eligible to participate in the Local Government CEO Support Program which is a joint initiative of the Department and LG Pro to provide mentoring and general support to those appointed to the position of CEO in a local government for the first time. The program runs for six to nine months from the time a CEO is appointed and involves the CEO being matched with a mentor that best meets their needs.

The program provides the CEO with an opportunity (through meetings and on-going correspondence) to discuss a wide range of issues with their appointed mentor in the strictest confidence. The program is aimed at addressing the individual needs of the CEO. Examples of issues that may be covered include the following:

- Role of the CEO
- Governance
- Strategic and long-term planning
- Legislative framework
- · Relationships and dealing with council members
- Risk management
- Resource management
- · Managing the business of Council
- Family considerations

# Part 2 - Performance Review

# **Principles**

The standards regarding CEO performance review are based on the principles of fairness, integrity and impartiality.

# Performance Review Standards

The minimum standard for performance review will be met if:

- S2.1 Performance criteria is specific, relevant, measurable, achievable and time-based.
- \$2.2 The performance criteria and the performance process are recorded in a written document, negotiated with and agreed upon by the CEO and council.
- \$2.3 The CEO is informed about how their performance will be assessed and managed and the results of their performance assessment.
- \$2.4 The collection of evidence regarding performance outcomes is thorough and comprehensive.
- \$2.5 Assessment is made free from bias and based on the CEO's achievements against documented performance criteria, and decisions and actions are impartial and transparent.
- \$2.6 The council has endorsed the performance review assessment by absolute majority.

## Guidelines

Section 5.38 of the Act provides that, for a CEO who is employed for a term of more than one year, the performance of a CEO is to be reviewed formally at least once in every year of their employment.

In addition to this minimum requirement, it is recommended that the council engages in regular discussions with the CEO regarding their performance against the performance criteria, including progress and ways that the CEO can be supported. Any changes to the CEO's performance agreement such as changes to the performance criteria should also be discussed, and agreed to, between the council and the CEO, as the matter arises.

# **Employment contract and performance agreement**

Section 5.39, of the Act requires the employment contract to specify the performance criteria for the purpose of reviewing the CEO's performance. This will include ongoing permanent performance criteria. A local government may wish to have a separate additional document called a "performance agreement" which includes the

performance review criteria in the employment contract, additional criteria (e.g. the performance indicators in relation to specific projects) and how the criteria will be assessed. The performance agreement should be negotiated and agreed upon by the CEO and the council. The performance agreement may also set out the CEO's professional development goals and outline a plan to achieve these goals.

#### Performance Criteria

Setting the performance criteria is an important step. One of the CEO's key responsibilities is to oversee the implementation of council's strategic direction, and so it is important to align the CEO's performance criteria to the goals contained in the council's Strategic Community Plan and Corporate Business Plan. Accordingly, as these plans are updated, the CEO's performance criteria should be updated to reflect the changes.

In leading the administrative arm of a local government, the CEO is responsible for undertaking core tasks, the achievement of which will contribute to the effectiveness of the council. It is important that the outcomes associated with these tasks are measurable and clearly defined. These could be in relation to:

- service delivery targets from the council's Strategic Community Plan;
- budget compliance;
- organisational capability;
- · operational and project management;
- financial performance and asset management;
- timeliness and accuracy of information and advice to councillors;
- implementation of council resolutions;
- management of organisational risks;
- leadership (including conduct and behaviour) and human resource management; and
- stakeholder management and satisfaction.

Performance criteria should focus on the priorities of the council and, if appropriate, can be assigned priority weighting in percentages. The council and CEO should set goals related to target outcomes for future achievement in the performance criteria. Goals should be specific, measurable, achievable, relevant and time-based.

Following the determination of the performance criteria and goals, the council will need to determine how to measure the outcomes of each criteria. It is important to relate performance indicators to the selection criteria used in selecting the CEO. For example, if the CEO has been selected due to their financial experience and ability to improve the local government's finances, indicators regarding improved revenue and reduced expenses are obvious starting points.

Considering the context within which the local government is operating is important. For example, if a significant financial event occurs, such as a downturn in the economy, financial performance indicators will likely need to be adjusted. It is important that such contextual factors are given appropriate weighting and that goals are flexible to allow regular adjustment. Adjustments may be initiated by either the CEO or the council. Councils need to be realistic in terms of their expectations of a CEO's performance and provide appropriate resources and support to facilitate the

achievement of performance criteria.

## Performance review panel

It is recommended that the council delegates the CEO performance review to a panel (e.g. comprising certain council members and an independent observer). The panel has a duty to gather as much evidence as possible upon which to base their assessments. The role of the review panel includes developing the performance agreement in the first instance, conducting the performance review and reporting on the findings and recommendations of the review to council. It is also recommended that council develop a policy to guide the performance review process. A policy might include the composition of the panel, primary functions, the role and appointment of an independent consultant, and the responsibilities of review panel members.

# Independent consultant

If a council lacks the resources and expertise to meet the expected standard of performance review, the council should engage an external facilitator to assist with the process of performance appraisal and the development of the performance agreement. The local government should ensure that the consultant has experience in performance review and, if possible, experience in local government or dealing with the performance review of senior executives. The consultant should not have any interest in, or relationship with, the council or the CEO.

With guidance from the performance review panel, a consultant can facilitate the following tasks:

- setting performance criteria;
- preparing the performance agreement;
- collecting performance evidence;
- writing the performance appraisal report;
- facilitating meetings between the performance review panel;
- assisting with the provision of feedback to the CEO;
- formulating plans to support improvement (if necessary); and
- providing an objective view regarding any performance management-related matters between the concerned parties.

#### Assessing performance

It is a requirement of the regulations that the process by which the CEO's performance will be reviewed is documented and agreed to by both parties. Council and the CEO must also agree on any performance criteria that is in addition to what is specified in the CEO's contract of employment. The option to include additional criteria for performance review purposes by agreement provides a degree of flexibility for both parties in response to changing circumstances and priorities.

It is essential that CEO performance is measured in an objective manner against the performance criteria alone. It is important that reviews are impartial and not skewed by personal relationships between the review panel and the CEO. Close personal relationships between the panel members and the CEO can be just as problematic as extremely poor relationships. Evidence of CEO performance may come from an array of sources, many of which the CEO themselves can and should provide to the

council as part of regular reporting. These sources include:

- achievement of key business outcomes;
- interactions with the council and progress that has been made towards implementing the council's strategic vision:
- audit and risk committee reports;
- workforce metrics (e.g. the average time to fill vacancies, retention rate, information about why people leave the organisation and staff absence rate);
- incident reports (e.g. results of occupational health and safety assessments, the number and nature of occupational health and safety incident reports, and the number and nature of staff grievances);
- · organisational survey results;
- relationships (e.g. with relevant organisations, stakeholder groups, and professional networks); and
- insights from key stakeholders (this could be done by way of a survey to obtain stakeholder input).

It is important that, in addition to looking at the achievement of key performance indicators (KPIs), the council considers the following:

- How the CEO has achieved the outcomes. In particular, whether or not their methods are acceptable and sustainable.
- The extent to which current performance is contingent upon current circumstances. Has the CEO demonstrated skills and behaviours to address and manage changes in circumstances which have affected his or her performance? (for example, the impact of COVID-19.)
- What the CEO has done to ensure the wellbeing of staff and to maintain trust in the local government.

The council should consider the attention the CEO has given to ensuring equal employment opportunity, occupational health and safety, privacy, managing potential conflicts of interest, and complying with procurement process requirements.

## Addressing performance issues

Once the CEO's performance has been assessed, it is essential that any areas requiring attention or improvement are identified, discussed with the CEO and a plan is agreed and put in place to address these. The plan should outline the actions to be taken, who is responsible for the actions and an agreed timeframe.

The performance review panel must decide on an appropriate course of action that will address the performance issue. This may include professional development courses, training, counselling, mediation, mentoring or developing new work routines to ensure specific areas are not neglected. The performance review panel should then arrange for regular discussion and ongoing feedback on the identified performance issues, ensuring improvements are being made.

It is important to keep in mind that a local government falling short of its goals is not always attributable to the CEO. External factors may have resulted in initial performance expectations becoming unrealistic. Failure to meet performance criteria does not necessarily mean the CEO has performed poorly and, for this reason,

performance and outcome should be considered separately. Where ongoing issues have been identified, the council will need to take a constructive approach and seek to develop the CEO's competency in that area.

While there are obligations on the council to manage the CEO in regard to their performance, when it extends into potential wrongdoing (misconduct), the council should be referring the matter to the Public Sector Commission or Corruption and Crime Commission. This provides an independent process to follow and ensures probity, natural justice and oversight of allegations.

# Confidentiality

The council must ensure that accurate and comprehensive records of the performance management process are created. Any information produced must be kept confidential.

# Part 3 - Termination

# **Principles**

The standards for the termination of a local government CEO's employment (other than for reasons such as voluntary resignation or retirement) are based on the principles of fairness and transparency. Procedural fairness is a principle of common law regarding the proper and fair procedure that should apply when a decision is made that may adversely impact upon a person's rights or interests.

# **Termination Standards**

The minimum standards for the termination of a CEO's contract will be met if:

- S3.1 Decisions are based on assessment of the CEO's performance as measured against the documented performance criteria in the CEO's contract.
- \$3.2 Performance issues have been identified as part a performance review (conducted within the preceding 12 months) and the CEO has been informed of the issues. The council has given the CEO a reasonable opportunity to improve and implement a plan to remedy the performance issues, but the CEO has not subsequently remedied these issues to the satisfaction of the local government.
- S3.3 The principle of procedural fairness is applied. The CEO is informed of their rights, entitlements and responsibilities in the termination process. This includes the CEO being provided with notice of any allegations against them, given a reasonable opportunity to respond to those allegations or decisions affecting them, and their response is genuinely considered.
- \$3.4 Decisions are impartial and transparent.
- \$3.5 The council of the local government has endorsed the termination by absolute majority.
- \$3.6 The required notice of termination (which outlines the reasons for termination) is provided in writing.

# Guidelines

#### Reasons for termination

The early termination of a CEO's employment may end due to:

- poor performance;
- misconduct; or
- non-performance or repudiation of contract terms.

There is a difference between poor performance and serious misconduct. Poor performance is defined as an employee not meeting the required performance criteria or demonstrating unacceptable conduct and behaviour at work, it includes:

- not carrying out their work to the required standard or not doing their job at all;
- not following workplace policies, rules or procedures;
- unacceptable conduct and behaviour at work;
- · disruptive or negative behaviour at work;
- not meeting the performance criteria set out in the employment contract and/or performance agreement unless these are outside the CEO's control;
- not complying with an agreed plan to address performance issues;
- failing to comply with the provisions of the Local Government Act 1995 and other relevant legislation;
- failing to follow council endorsed policies.

Serious misconduct can include when an employee:

- causes serious and imminent risk to the health and safety of another person or to the reputation or revenue of the local government; or
- behaves unlawfully or corruptly; or
- deliberately behaves in a way that's inconsistent with continuing their employment.

Examples of serious misconduct can include:

- matters arising under section 4(a), (b) and (c) of the Corruption, Crime and Misconduct Act 2003;
- theft:
- fraud:
- assault:
- falsification of records;
- being under the influence of drugs or alcohol at work; or
- refusing to carry out appropriate and lawful resolutions of council.

Misconduct is also defined in section 4 of the Corruption, Crime and Misconduct Act 2003 (WA). Under this Act, misconduct can be either serious or minor and the obligation to notify the Public Sector Commission (PSC) or the Corruption and Crime Commission (CCC) is paramount.

Termination on the basis of misconduct is covered by employment law. A local government should seek independent legal, employment or industrial relations advice prior to a termination. A council should also seek independent advice during the termination process including advice on the relevant employment legislation affecting CEO employment and the application of that legislation to their specific circumstances. This will ensure that a council complies with employment law during the entire termination process.

A local government is required to endorse the decision to terminate a CEO's employment by way of an absolute majority decision. A local government must certify that the termination was in accordance with the adopted standards in regulations.

#### Opportunity to improve and mediation

If a CEO is deemed to have been performing poorly, the council must be transparent and inform the CEO of this. It is important that the CEO is given an opportunity to remedy the issues within a reasonable timeframe as agreed between the CEO and the council. The council should clearly outline the areas in need of improvement, and with the CEO's input, determine a plan to address any issues. If a plan for improvement is put in place and the CEO's performance remains poor, then termination may be necessary. If a local government decides to terminate the employment of the CEO it must have conducted a performance review in the previous 12 months in accordance with section 5.38 of the Act.

Where the concerns or issues relate to problematic working relationships or dysfunctional behaviour, it is recommended that a council engages an independent accredited mediator to conduct a mediation between the parties. A mediation session may be useful in assisting parties to understand and address issues before the situation escalates to a breakdown in the working relationship (which affects the ability of the CEO to effectively perform their duties) and the subsequent termination of the CEO's employment.

#### Termination report

The council should prepare a termination report which outlines the reasons for termination, the opportunities and assistance provided to the CEO to remedy any issues, and an explanation of the CEO's failure to do so. Council must provide prior opportunities and support to the CEO to assist them in remedying the issues which form the basis of the termination. It is a requirement of the regulations that council must provide written notice to the CEO outlining the reasons for their decision to terminate. In addition, council must certify that the termination of the CEO's employment was carried out in accordance with the standards set out in regulations.

# Confidentiality

Local governments should ensure that the termination process is kept confidential. The CEO is to be informed of their rights and entitlements. Notice of termination of employment is required to be given in writing. Where possible, the news of termination of employment should also be delivered in person. The CEO should be provided with a letter outlining the reasons for, and date of, the termination of their employment.

Before making any public announcements on the termination of the CEO, a council should ensure that the entire termination process is complete, including that the CEO has been informed in writing of the termination.

# Disclaimer

It is outside the scope of these guidelines to provide legal advice, and local governments should seek their own legal advice where necessary. Guidance as to legal requirements and compliance in relation to the termination of employment is provided by the Fair Work Commission at <a href="https://www.fwc.gov.au">www.fwc.gov.au</a>, the Fair Work Ombudsman at <a href="www.fairwork.gov.au">www.fairwork.gov.au</a>, and the Western Australian Industrial Relations Commission at <a href="www.wairc.wa.gov.au">www.wairc.wa.gov.au</a>.

# **Attachments:**

New draft policy – 02.18 Appointment of Acting Chief Executive Officer New draft delegation – 02.08 Appointment of Acting Chief Executive Officer

# **Background:**

Section 5.39C was recently included in the Local Government Act 1995 requiring each Council to adopt a policy that sets out the process to be followed by the local government in relation to the appointment of either an employee or another person to act in the position of CEO for a term not exceeding 1 year.

# **Comment:**

The required policy has been prepared granting the CEO under delegated authority the power to appoint an Acting CEO for a period of up to 10 working days.

In accordance with section 5.44 of the Local Government Act 1995 the CEO may delegate to any employee the exercise of any of the CEO's powers. However, in the interest of transparency and accountability a delegation for the CEO to grant the authority and power of a CEO to an employee is recommended and presented with this item for adoption.

In the policy if the planned period of CEO absence is for longer than 10 working days Council are to appoint the Acting CEO.

In the event of an unplanned absence the Deputy CEO will take on the role of Acting CEO. If it is likely that the CEO will be away for an unplanned absence in excess of 10 working days then the Shire President is to call a Special Council meeting to appoint an Acting CEO. The Acting CEO can be appointed for a term not exceeding one year and can be either an employee or a suitably qualified person that has the required skills and knowledge.

An employee may act in the position of a CEO for a term not exceeding one year without a written contract for the position of Acting CEO.

#### 02.18 - Appointment of an Acting Chief Executive Officer

\_\_\_\_\_

# Section: Staff History:

Adopted:17 April 2021

\_\_\_\_\_

#### OBJECTIVE:

To outline the process for the appointment of an Acting Chief Executive Officer in expected and unexpected circumstances in accordance with Local Government Act 1995 Section 5.39C.

#### POLICY:

#### Expected leave

An application for annual leave, long service leave or any other extended period of absence made by the CEO is to be approved by Council. Approval cannot be unreasonably withheld.

During the extended periods of leave a person must be appointed Acting Chief Executive Officer, to perform the duties of the CEO to enable the efficient functioning of the local government's administration.

The Acting CEO can be a Shire Manager if it is deemed the person has the necessary skills and knowledge, subject to officer performance and dependent on availability and operational requirements. Council's prefers to appoint internally for the Acting CEO role however if this is not practicable a person external to the Shire may be appointed to the role.

Often for short periods of absence (eg. up to say 7 days) no acting CEO is appointed (the CEO checks emails and remains on call, if required, for any urgent statutory duties, decisions or actions).

For periods of leave up to 10 working days a Manager may be appointed to the role of Acting CEO at the discretion of the CEO, in consultation with the Shire President and in accordance with Delegation 03.01. The appointment to the role of Acting CEO must be made in writing by the CEO. Where the CEO appoints a Manager or other person to the position of Acting CEO, the CEO is to advise Council in writing (eg. email or text) of the appointment and the period to which the appointment covers.

If the CEO is not satisfied that any Manager or other employee has the required skills and knowledge to fulfil the role of Acting CEO then in consultation with the Shire President an external appointment may be made.

A Council resolution is needed to appoint an Acting CEO to fulfil the duties and exercise the powers of the CEO for any period of leave exceeding 10 working days.

In accordance with Local Government Act 1995 – Section 5.39(1a) an employee may act in the position of a CEO for a term not exceeding one year without a written contract for the position in which he or she is acting.

# Unexpected leave

In an unplanned event such as the CEO:

- takes unexpected leave
- is incapacitated

- is unable to perform their duties as a result of a disaster or crisis event
- · the position falls unexpectedly vacant or
- is suspended or terminated

if Council has already appointed an Acting CEO, that person shall continue to act as CEO.

If Council have not already made an appointment of Acting CEO, and if the absence is likely to be 10 days or less, then the CEO (if she/he is able) will appoint a Manager or other suitable person to the position of Acting CEO.

If the absence is likely to be more than 10 days or the CEO is unable to make an appointment, then a Special Council Meeting shall be convened by the Shire President, so that an acting appointment can be made by Council.

NOTE: all appointments by Council of an acting CEO must be approved by an absolute majority.

# **Summary/Matter for Consideration:**

Council may decide whether to conduct this year's election as a postal election.

# **Attachments:**

Nil

# **Background:**

In the past Council has run elections as "voting in person elections" and appointed the CEO as the Returning Officer.

# **Comment:**

The Local Government Act 1995 (the Act) provides that an election can be conducted as a postal election or a voting in person election. The Act also requires that a postal election must be conducted by the Electoral Commissioner.

Council may therefore decide whether to conduct the 2021 election as a postal or in person election. All past elections in Meekatharra have been conducted as in person elections.

No quote has been obtained for this service (postal voting) from the Electoral Commissioner however the estimated cost is \$15,000.

# **Postal Election – Major Benefits:**

- Greater voter participation voter turnout increases significantly in postal elections.
- Time saving some election tasks, including the role of Returning Officer are outsourced thereby reducing the time burden on existing staff.

# Postal Election – Major Disadvantages:

- Cost postal elections are relatively expensive.
- Potential for mistakes to be made due to communication problems between an offsite Returning Officer and local election staff.

Should Council resolve to conduct this years election by postal vote the process will be as follows:

- 1. Council (now) resolves to consider conducting the 2021 ordinary election as a postal election (conducted by the Electoral Commissioner)
- 2. Staff obtain the written agreement, approval and a quote from the Electoral Commissioner.

3. At the May/June 2021 Council meeting Council considers the information and quote from the Electoral Commissioner and resolves whether or not to conduct the election as a postal election. Council may then appoint and declare the Electoral Commissioner to be responsible for the conduct of the 2021 Ordinary Election and also resolves that the ordinary 2021 election be conducted as a postal election.

The decision/declaration to conduct a postal election and appoint the Electoral Commissioner must be made by 28 July 2021.

# **Statutory Environment:**

The Local Government Act 1995 sections 4.20 and 4.61 apply as shown below:

- "4.20. CEO to be returning officer unless other arrangements are made
  - (1) Subject to this section the CEO is the returning officer of a local government for each election.
  - (2) A local government may, having first obtained the written agreement of the person concerned and the written approval of the Electoral Commissioner, appoint\* a person other than the CEO to be the returning officer of the local government for
    - (a) an election; or
    - (b) all elections held while the appointment of the person subsists.
      - \* Absolute majority required.
  - (3) An appointment under subsection (2)
    - (a) is to specify the term of the person's appointment; and
    - (b) has no effect if it is made after the 80th day before an election day.
  - (4) A local government may, having first obtained the written agreement of the Electoral Commissioner, declare\* the Electoral Commissioner to be responsible for the conduct of an election, or all elections conducted within a particular period of time, and, if such a declaration is made, the Electoral Commissioner is to appoint a person to be the returning officer of the local government for the election or elections.
    - \* Absolute majority required.
  - (5) A declaration under subsection (4) has no effect if it is made after the 80th day before election day unless a declaration has already been made in respect of an election for the local government and the declaration is in respect of an additional election for the same local government.
  - (6) A declaration made under subsection (4) on or before the 80th day before election day cannot be rescinded after that 80th day.
  - 4.61. Choice of methods of conducting election
  - (1) The election can be conducted as a —
    postal election which is an election at which the method of
    casting votes is by posting or delivering them to an electoral
    officer on or before election day; or
    voting in person election which is an election at which the
    principal method of casting votes is by voting in person on
    election day but at which votes can also be cast in person before

- election day, or posted or delivered, in accordance with regulations.
- (2) The local government may decide\* to conduct the election as a postal election.
  - \* Absolute majority required.
- (3) A decision under subsection (2) has no effect if it is made after the 80th day before election day unless a declaration has already been made in respect of an election for the local government and the declaration is in respect of an additional election for the same local government.
- (4) A decision under subsection (2) has no effect unless it is made after a declaration is made under section 4.20(4) that the Electoral Commissioner is to be responsible for the conduct of the election or in conjunction with such a declaration.
- (5) A decision made under subsection (2) on or before the 80th day before election day cannot be rescinded after that 80th day.
- (6) For the purposes of this Act, the poll for an election is to be regarded as having been held on election day even though the election is conducted as a postal election.
- (7) Unless a resolution under subsection (2) has effect, the election is to be conducted as a voting in person election."

# **Budget/Financial Implications:**

Potential cost to engage the Electoral Commissioner to conduct Postal Election. Estimated cost \$15,000.

Estimated cost to run the election "in house" as a voting in person election is \$3,500. This covers advertising and staff time on election day. Daily election costs leading up to election day are absorbed into normal administration time.

# **Strategic Implications:**

Nil

# **Voting Requirements:**

Simple Majority

Note: An Absolute Majority decision is required for a decision to conduct a postal election and declare the Electoral Commission responsible for the election.

# **Officers Recommended Options / Council Resolution:**

Moved:

**Seconded:** 

# **OPTION A**

That Council conduct the 2021 ordinary Meekatharra council election as a "voting in person election" and confirm the appointment of the CEO as the Returning Officer.

OR

## **OPTION B**

That Council will consider, in May/June 2021, conducting the ordinary 2021 council elections as a postal election and therefore requests the written agreement of the

Electoral Commissioner to be responsible for the conduct of the 2021 ordinary Meekatharra council election (as a postal election) and that a quote also be requested from the Electoral Commissioner for the conduct of this election.

# **Summary/Matter for Consideration:**

Council to adopt the Shire of Meekatharra's 2020-2030 Strategic Community Plan (SCP).

# **Attachments:**

Shire of Meekatharra's 2020-2030 SCP

# **Background:**

Integrated planning and reporting gives local governments a framework for establishing local priorities and to link this to operational requirements. The Local Government (Administration) Regulations 1996 require each local government to adopt a SCP and a Corporate Business Plan (CBP).

The SCP outlines community long term (10+ years) vision, values, aspirations and priorities, with reference to other local government plans, information and resourcing capabilities. The SCP is not static. A full review is required every four years with a desktop review every two years.

The SCP was last reviewed in October 2017. Community consultation was undertaken by AHA Consulting in 2019-2020 with focus on the Revitalisation plan but also to collect data for the SCP.

Aha Consulting have now provided an updated draft SCP. Council had the opportunity to view and adjust the plan at the March 2021 OCM. The public have also been invited to provide further feedback on this plan over the previous month.

The CBP and informing plans (such as Asset Management Plans and Long Term Financial Plan) are also under review and will be presented to Council in due course.

# **Comment:**

Amendments were made to the draft Strategic Community Plan as per Council resolution in March 2021. Public feedback was sought via social media, Shire's official website and through local public advertisement in town. No feedback was received.

# President's Message

The Shire of Meekatharra's Strategic Community Plan maps out our vision and represents a clear direction for the next ten years.

The Plan will serve as the key strategic planning tool and it contains the primary aims, strategies and priorities to advance the Shire's vision of a "place for community, opportunity, and prosperity".

My thanks go to the members of the community who played a vital role in providing the input and ideas via workshops, one on one meetings and responding to a questionnaire. Elected member input needs to be recognised, which revealed a close alignment with the community's aspirations.

In implementing this Plan and maintaining its relevance through regular reviews, the objectives of the Strategic Community Plan will be effectively delivered by working in partnership with the community, other Shires, State and Commonwealth Governments, and the private sector.

## Introduction

This Strategic Community Plan (SCP) was developed to guide the Shires planning into the future.

Under section 5.56(1) of the Local Government Act 1995, this SCP is the overarching strategic document for all Local Government and forms the centre piece of the Integrated Planning and Reporting Framework.

This plan sets a new vision for the Shire, to be a place for community, opportunity, and prosperity.

The vision and priorities outlined in this plan are the result of community consultation conducted in 2019/2020 and reflect the current priorities and needs of the community.

## About the Shire of Meekatharra

#### Our Area

The Shire covers an area of 100,733 square kilometres. The Shire consists of three localities being Meekatharra, Peak Hill and Nannine; two aboriginal communities of Yulga Jinna and Buttah Windee; and the aboriginal education centre of Karalundi. Meekatharra contains the majority of the population. Within the Shire there are numerous facilities, including the sporting complex and gymnasium, youth centre, swimming pool, squash court and a regional airport.

#### **Our Economy**

The local economy is based on a mix of mining, retail, manufacturing, construction, and pastoral farming. There is limited retail industry, but a sound commercial base, with local businesses remaining relatively constant. The area has a series of tourist attractions and provides a unique lifestyle choice.

The future economic viability of Meekatharra is optimistic, but significantly dependent upon the mining sector, which is a major risk. This reliance has been considered in the plan.

#### Our People

The population of 1,067 (2016 Bureau of Statistics) indicates a declining population, driven mostly by job opportunities in the mining sector and associated industries. The population is diverse in nature with both international influences and a significant indigenous population.

#### **Our Environment**

The local environment is valued, supporting quiet, simple and peaceful lifestyle choices. The remoteness, wide open spaces and natural environment needs to be sustained. Viable pastoral farming land is highly valued and needs to be maintained. Any tourism projects need to be mindful of environmental impacts.

## Our Key Challenges and Risks

Our Plan needs to consider and manage our identified risks and local issues. Issues identified and addressed include:

- Significant reduction in Mining Activity
- Withdrawal/reduction in Government Services
- Significant changes in demographics
- Changes to Legislation and Government Policy
- Resident retention
- Community Safety
- Economic capacity

## **Our Resourcing Capability**

An important context to this SCP is the financial resourcing of the Shire. Our capacity to grow our revenue streams are limited to our ability to source external funding from grant programs and how much our community can sustain in the way of rate increases.

Some of the priorities listed in this Plan are contingent upon external grant funding and the Council will be working hard to secure these funding sources so we can deliver our communities' outcomes.

## The Integrated Strategic Planning Framework

The Integrated Planning and Reporting Framework (IPRF) assist local governments in ensuring the aspiration and needs of their communities are woven through all of the organisation's planning and monitoring.

The Shire places the Strategic Community Plan (SCP) as a visionary document for the next 10 years. The Corporate Business Plan identifies what we will achieve in the shorter term.

Implementing this plan will demand that the Shire not only continues to deliver and represent the community, but recognizes that we can't deliver alone. We will work in partnership with other Shires, State and Federal Governments and the private sector to advocate the delivery of our plan.

# How this Plan was Developed

The original plan was developed in 2012 and then reviewed in 2017. The planning process was informed by research across the quadruple bottom line (cultural, economic, environmental and social). This included a review of the external Commonwealth and State Government plans. As well as reviews of the long-term demographic changes, impacts, risks and challenges facing our community, ensuring we are a sustainable and growing community.

In 2019/2020 a major review of the SCP was conducted. This review included:

- An online survey was delivered via the Survey Monkey platform, distributed via the Shire website, targeted email, and social media platforms. This method of consultation received 11 responses.
- Advertisements were placed offering one on one interviews for interested community members and the Community & Development Services Manager. Questions from the online survey were discussed and expanded upon. There were 24 interviews completed.
- A community event was held at the Meekatharra Town Hall, facilitated by Aha Consulting with approx. 45 attendees.

The community feedback was analysed and themed to create a vision of community aspirations and needs, as captured in this Plan.

A draft of this Plan was then circulated to the community via social media, emails and community notice boards, with the invitation for community members to review its contents and ensure that it was truly reflective of their vision for the future.

# **Our Vision**

A place for community, opportunity and prosperity.

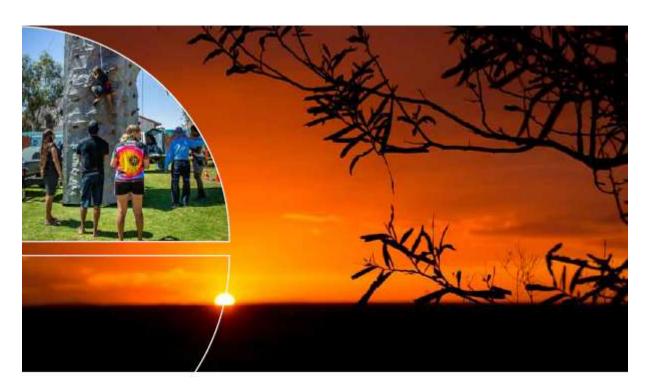

# **Our Mission**

To be an efficient and influential Local Government that contributes to the healthy, prosperous and connected community of Meekatharra.

# Objectives - Our Vision in Action

We will work towards our vision through the following objectives across five domains;

- Social Contribute to a community that is connected, healthy, and engaged in creating the future they want.
- Natural Environmental Maintain and preserve the natural environment, enhancing the 'remote' experience of Meekatharra.
- Built Environment Deliver and maintain assets and infrastructure that respond to community need
- Economic Encourage a diversity of locally operating businesses to maximise employment opportunities
- Governance Ensure effective, efficient use of Shire resources and provide leadership for the community

# **Summary/Matter for Consideration:**

Council may consider endorsing a workplace policy for an occasion when the child of an employee is in the workplace.

# **Attachments:**

Nil

## **Background:**

On occasion an employee of the Shire of Meekatharra may be faced with a situation where they are required to bring a dependent to the workplace.

This policy is designed to prescribe the conditions under which such a situation will be allowed.

# **Comment:**

The implementation of a Children in the Workplace policy will assist in ensuring a safe and inclusive working environment for all employees and children while in the workplace.

## **Consultation:**

Shire staff.

# **Statutory Environment:**

Equal Employment Opportunity (EEO) – Discrimination, Harassment and Bullying; Code of Conduct; Grievance Management.

WA Equal Opportunity Act 1984 (WA)

Sex Discrimination Act 1984 (Cth)

Occupational Health and Safety Act 1984 (WA)

## **Policy Implications:**

New policy – 03.29 Children in the Workplace

# **Budget/Financial Implications:**

Nil

# **Strategic Implications:**

Implementation of this policy assists in positioning the Shire of Meekatharra as a family friendly workplace.

# **Voting Requirements:**

That Council endorse 03.29 Children in the Workplace policy for inclusion in the Shire of Meekatharra Policy Manual.

# 03.29 - Children in the Workplace

| Section: Staff<br>History: |  |  |  |
|----------------------------|--|--|--|
| • Adopted:                 |  |  |  |

## **OBJECTIVE:**

To set out how the Shire of Meekatharra treat children of employees in the workplace.

## **DEFINITIONS:**

Child - refers to either singular or plural

Child – the natural child of a caregiver or a child in their care or guardianship

Parent – refers to parent or guardian or caregiver

## **POLICY:**

The WA Equal Opportunity Act 1984 (WA) prohibits discrimination in education and employment on the basis of marital status, pregnancy or breast feeding responsibilities. The Sex Discrimination Act 1984 (Cth) also prohibits discrimination on the basis of breastfeeding and family responsibilities. The Shire also has safety and health obligations under the Occupational Health and Safety Act 1984 (WA) to all of its employees and contractors.

Childcare options in Meekatharra can be limited and on occasion an employee may be faced with a situation where the only option to attend the workplace include bringing a child. The purpose of this policy is to outline conditions under which children of employees are generally permitted to be in the workplace while their parent is participating in work.

A child will only be allowed to accompany a parent in the workplace if prior approval of the supervisor, their line manager, and CEO have been provided prior to the occurrence.

A child who is unwell is not to attend the workplace, and the parent should access their carers leave to stay home with the child.

The parent is responsible for:

- Obtaining approval to bring child into the workplace;
- supervising the child at all times in the workplace;
- taking responsibility for the child's behaviour in the workplace; and
- Staff must ensure that all child will be considered as visitors.

The line manager is responsible for:

- considering the parents request to bring child into the workplace; and
- deciding whether to remove approval where a child is disruptive in the workplace.; and
- monitoring, intervention and resolution of any problems or disputes that may arise.

- whether or not with an adult, a child is not permitted to enter or remain in areas where there are safety hazards, including:
  - plant rooms;
  - food preparation areas;
  - construction areas;
  - workshops;
  - areas where chemicals are stored;
  - areas where machinery is used; or
  - any other areas designated to be hazardous by the Manager or CEO

# **RELEVANT LEGISLATION:**

Equal Employment Opportunity (EEO) – Discrimination, Harassment and Bullying; Code of Conduct; Grievance Management.

WA Equal Opportunity Act 1984 (WA)

Sex Discrimination Act 1984 (Cth)

Occupational Health and Safety Act 1984 (WA)

Note: This policy has been created under the Local Government Act 1995 section 5.41 functions of the CEO as an operational policy.

Title/Subject: REVIEW OF POLICY ALLOWANCE AMOUNTS

# **Summary/Matter for Consideration:**

This report recommends reviewing allowances payable to employees and councillors as set by Council policy.

# **Attachments:**

Nil

# **Background:**

The Policy Manual is a collection of documents that defines the Shire of Meekatharra's policies and is the guidelines for staff and management in the day to day running of Council. To ensure that the amounts that are stipulated in these policies are relevant and take in current circumstances it is sensible to review the dollar values annually. Council last reviewed the allowances at the April 2019 Ordinary Council Meeting which resulted in updated allowances for the 2019/20 years. Due to the Covid pandemic it was resolved by Council to not make any changes to the allowances in 2020/21.

# **Comment:**

The deduction amounts mentioned in the Policy Manual are set as part of the Schedule of Fees and Charges and are therefore not covered in this review of allowances.

This item makes recommendation to Council on possible amendments to these amounts using various CPI (Consumer Price Index) categories as staff deem most appropriate. These are CPI All Groups, CPI Food & non-alcoholic beverages, CPI Housing, CPI Clothing & Footwear and CPI Communication and the figures used are from the Australian Bureau of Statistics website.

Individual policies adopted between 21 May 2005 and August 2013. All allowance amounts were last increased July 2017.

This is to contribute to some of the costs for a Councillor or employee providing their own accommodation and meals when on council business or training.

Based on above calculation it is suggested that the allowances be increased from \$160 to \$170 per night for these Policies.

| 01.10      | Councillor Retirement – Recognition | \$130 plus \$20 |
|            |                                     | per year gift   |

Policy adopted in March 2019 and is applicable only for those Councillors who have completed at least 4 years of service.

The policy affords for a gift for Councillors who have retired, resigned or who have not been re-elected to recognise their service to the Shire and Community. The gift is in addition to a mounted plaque being presented and either a sundowner or reception depending on years of service.

The value for this allowance are for to provide for a gift at a set amount plus an additional amount per year of service. This provides greater recognition for the Councillors who have served longer. i.e. if Council set the amount at \$130 plus \$20 for each year of service, a Councillor who had served for two terms (8 years) would be allowed a gift to the value of \$290, whereas a Councillor who had served for six terms (24 years) would be entitled to a gift to the value of \$610.

| Original Allowance | Amount            | \$130             | \$20              |
|--------------------|-------------------|-------------------|-------------------|
|                    | All groups<br>CPI | Calculated amount | Calculated amount |
| Dec-19             | 1.8%              | \$ 132.34         | \$ 20.36          |
| Dec-20             | 0.9%              | \$ 133.53         | \$ 20.54          |

It is suggested increasing the \$130 base component of the gift value to \$135 and retaining the \$20 per year service for councillors servicing between one and two terms ie 4-8 years.

It also suggested increasing the base amount for those councillors that have served more than 8 years continuous service to \$180 (\$50 increase) plus \$20 per year gift.

| 03.02      | Housing Allowance | \$100 per week |

Policy adopted May 2005. Last increased July 2015

The housing subsidy is to compensate those that provide their own accommodation rather than residing in Shire subsidized accommodation.

At the April 2014 review this allowance was increased from \$80 to \$100 per week. This increase was based on a conservative assumption of average rental prices in Meekatharra being \$250 per week and the benefit that employees in shire housing have over employees in town rental properties due to Council's subsidised rent. The rental market since the last allowance increase has not changed significantly; local rental property owners indicate the average rent is still around \$200-\$250 a week.

If CPI Housing was to be calculated on the original \$80 allowance this would see an increase to \$128.47. The Australian Housing CPI is not deemed to be the best indicator for Meekatharra rental prices, since Meekatharra prices rely much more on local economical shifts, such as mining operations, than on any Australia-wide factors.

| Dec-18                         | 1.50%   | \$129.38   |  |
| Dec-19                         | 0.2%    | \$129.64   |  |
| Dec-20                         | -0.9%   | \$128.47   |  |

It is therefore recommended that this allowance be increased from \$100 to \$130 per week.

| 03.03      | Camping and Meal Allowance | \$36.40 per night |

Policy adopted May 2005. Last increased July 2019.

This allowance is to cover the additional cost involved in setting up and running a second household and to cater in full for the Meal Allowance provisions and Camping Allowance in the Local Government Industry Award 2010 clause 15.1 while an employee is camping out.

The Award allows \$26.55 per night for Camping Allowance. As working 10 hours days is the norm for Meekatharra shire outside employees, it means that they are not eligible for the Meal Allowance as clause 19.3(a)(iii) in the Award states:

"A meal allowance is not payable:

(iii) Where the employee has been notified at least 24 hours in advance of the requirement to work overtime".

As employees supply their own food while camping out changes to the rate is based on CPI Food & non-alcoholic beverages. Since June 2011 CPI Food & non-alcoholic beverages has changed as follows:

| Original Allowance Amount \$35 less Transport component of \$2.50 = \$32.50 |                                      |                         |

CPI Transport should also be factored in as transport costs may affect the price of food sold in Meekatharra.

The transport component of food averages only 5-8% of the cost.

The following shows CPI Transport since June 2011 on the \$2.50 transport component of the Camping Allowance.

The CPI increases to the two different components that make up this allowance bring the total calculated camping and meal allowance to \$38.54 per night.

The overall increase is \$1.54 cents per night. Based on the 82 camping nights thus far this year, if an employee camped out for 109 nights for a full financial year and received the additional \$1.54 cents they would receive an additional \$167 a year for this allowance.

Staff suggest that the allowance be increased more than the calculated amount from \$37.00 to \$40.00 for ease of payroll calculating.

| 03.03      | Public Toilet Allowance | \$58 per day |

Policy adopted May 2005. Last increased July 2019.

This toilet allowance is payable to a designated employee to open and close the public toilet facilities on weekends and public holidays. There is no real expense incurred by the employee in order to perform this task. The allowance compensates the employee for their time and commitment to providing this service.

The payment is simply to open and close the doors of the public toilets. If any cleaning is required this is paid at the employees usual rates.

There are no guidelines for this allowance in the Local Government Industry Award 2010 however, if we were to base payment on award cleaner rates (Level 1) it would mean that we are paying close to or in excess of an hour per day.

Level 1= \$20.2342 per hour Casual Loading not payable on overtime

Saturday Rate Time and Half (23.2a) = \$30.3513 Sunday Rate Time and Three Quarters (23.2b) = \$35.40985 Public Holiday Rate Double Time and Half (28.2) = \$50.5855

Based on the base town crew employee's pay level (level 4) it would be only when he was to open/close the toilets on public holidays that he would be receiving less than an hour's pay for this service as shown below:

Level 5= \$22.0368 per hour

Saturday Rate Time and Half (24.2a) = \$33.0552 Sunday Rate Double Time (24.2b) = \$44.0736 Public Holiday Rate Double Time and Half (28.2) = \$55.0920

In advice received from West Australian Local Government Association's Employee Relations Advisor there is no minimum for ordinary hours for casuals or full-time employees so the Shire could in effect pay the employee for the actual hours worked only in opening and closing the public toilets.

It should also be noted it is rare for employees to now perform this function anymore as it has been outsourced. This is a more costly means of performing this task but it alleviates managers from trying to engage employees to undertake this, especially over extended periods of leave such as the Christmas break. There have been times when the Operations Officer had to undertake the cleaning and opening just so the service can be provided to the public. However on the rare times that employees may have to perform this duty it is prudent to retain the policy.

This allowance does not only compensate the employee for the time that is spent opening and closing but the inconvenience of having to attend the site twice a day, once in the early hours and again just before dark or soon after.

It is recommended that this allowance be increased to \$60.00 per day and any time spent cleaning continue to be paid at the employee's hourly rate.

Employees who have been with the shire less than 2 years do not receive a gift.

# Staff suggest that:

- the value of the gift for an exiting employee who has been with the shire between 2 to 5 years be increase by \$5 to \$135.
- the value of a gift for an exiting employee who has completed more than five years receive a gift to the value of \$135 (a \$5 increase) plus \$20 per year of service no change).
- the value of a gift for an exiting employee who has completed more than ten years receive a gift to the value of \$180 (a \$50 increase) plus \$20 per year of service no change). There was previously no difference in the base value of the gift.
- the value of a gift for an exiting employee who has completed more than twenty years receive a gift to the value of \$250 (a \$120 increase) plus \$20 per year of service no change).

Continuing employees who have completed 10 years service are also acknowledged with an engraved plaque. It is suggested that the plaques value be set at "up to \$200".

Then suitably engraved memento for continuing employees who have completed 20 years of service be retained at "up to \$400".

As the allowance is per annum and isn't always fully expended it seems unnecessary to reduce this allowance and staff suggest that Council retain the current figures for this review.

| 03.15      | Satellite Phone Usage | \$20 per fortnight |

Policy adopted May 2005. No change to allowance amount since 2009.

Employees on the outside crew, camp out for long periods. During this time there may be a requirement to make personal phone calls. This allowance is to allow for personal use of the satellite phone. This is only for the construction and maintenance crew. Employees are responsible for the balance, if any, of the cost of personal phone calls made by them above the allowed amount.

Employees do every now and again exceed the allowance depending on the works program and the number of days they're camping out. Some months no personal phone calls whatsoever are being made and other months employees go well above the allowance amount.

Pivotel, Council's satellite phone carrier service, have not increased their charges per call for at least nine years now.

Land Access and Activity Notice – Telstra Build price quotation email from Node One Internet

# **Background:**

With the introduction of NBN services in Australia, Telstra are removing access to fixed line services as alternate options are rolled out. Currently no new fixed line ADSL services are being commissioned in Meekatharra, with prospective new clients being diverted to satellite service connections instead. Satellite services can be unreliable in poor or cloudy weather, and are expensive to access. Existing copper lines in Meekatharra are deteriorating which is impacting quality of service to homes and businesses.

While 5G mobile data services have been promoted by Telstra as being imminent, these services will be restricted to Capital Cities and large regional centers. It is unlikely Meekatharra will have access to this network in the near future.

Changing communication methods as a result of COVID 19 have placed a greater reliance on web-based solutions for which the current ADSL service is not sufficiently reliable. Shire staff have investigated options for enhanced internet services to the Shire office, and have received the attached quotes for installation of optic fibre cable to the Office, and an additional quote to connect Lloyds Outback Plaza.

The service provider for this will be Node One from Geraldton, and the speeds of the service are expected to be in the vicinity of 100MB download and upload speeds – significant improvements on the current average of 16 MB down and 5 Mb up.

One off build costs provided by Telstra are \$6,500 for cable to the Shire Office, and nil to Lloyds Outback Plaza. Ongoing monthly fees to Node One will be \$1500 for each provisioned service. Currently the Shire costs for internet and telephone are approximately \$2,000 per month. Once a reliable, robust and fast service is in place, it is expected Voice over the Internet Protocols will be commissioned and telephone costs will be significantly reduced. Costs for this solution are still pending decisions on final options.

While initially it would appear to be a good option to connect both locations, it is possible to connect fibre optic to Lloyds Outback Plaza at a nil cost to the Shire, and set up a line of sight dedicated point to point microwave link to the Shire Office for a once off fee of approximately \$3,000, with ongoing monthly costs of just \$1500. This is a vastly more economical solution in the long term than connecting both locations. The Shire would be in a position to provide quality and robust internet services to Lloyds tenants, and customers.

### **Comment:**

Upon installation of this service, Node One have expressed an interest in providing a second line of sight service to the broadcasting tower behind Meeka FM on the Shire owned property, and sending a fixed wireless service to the wider community. The speeds provided by this service for individual consumers will be similar to those accessed by the Shire Office. Consumers will be required to sign with Node One as their provider, with ongoing charges in the vicinity of \$90 per month for unlimited up/down loads.

Node One have offered to subsidise the infrastructure for each individual consumer by eliminating the location surcharge of \$200 for those who connect during the initial project implementation. To date 37 expressions of interest have been received by local residents in accessing this service.

For consumers who connect without a contract, the installation charge will be \$399, and those who connect with a contract will be \$0. A new modem will likely be required for each connection at the cost of the consumer.

It is expected this enhanced solution will make Meekatharra a more attractive option for residents attempting to study or work online as it has been reported to staff that the lack of reliable service has significantly impacted resident retention and attraction for this reason.

Further details of the proposed activities are included in any attachment/s to this notice.

Telstra's employees and contractors are authorised to carry out Telstra's activities under clause 43 of Schedule 3 to the Telecommunications Act 1997 (Cth). Cyient Limited has been engaged on this project by Telstra to give notifications on its behalf and to conduct negotiations regarding Telstra's entry onto your land to install and maintain the facilities for the purposes of the above legislation. Other contractors may from time to time be engaged by Telstra to carry out other activities.

We will treat current alignments and existing levels of land, roads, paths, etc. as permanent unless you specifically inform us otherwise.

In engaging in our activities, we are committed and obliged to take all reasonable steps to ensure that we cause as little detriment and inconvenience, and do as little damage, as is practicable. We will also take all reasonable steps to ensure that the site is restored to a condition similar to its condition before the activity began. Details of the likely impact on the site and the proposed measures to prevent or restore disturbance are as follows.

Anticipated Effect:

Minimal disturbance is anticipated.

NNACS ID: 2482273 AuthMOU - Dec 2003

Proposed Remediation:

Telstra's staff and contractors will follow all applicable industry standards

in the installation of its facilities.

Telstra will install facilities in such a way as to minimise environmental

impacts.

Care & appropriate precautions taken at all times to ensure public safety.

We thank you for your assistance and co-operation. If you have any queries, please do not hesitate to contact Samantha Pallan on +61 2 8887 8603 or at the above address. Any objections should be directed to this person.

Yours sincerely

### SCHEDULE 3 TO THE TELECOMMUNICATIONS ACT 1997 (CTH) TELECOMMUNICATIONS CODE OF PRACTICE 2018 (CTH)

### 1. Carrier Powers and Obligations

Teletra's employees and its authorised contractors are empowered to carry out. Teletra's activities under the Telecommunications. Act 1997 (Cth). Contractors may be engaged on this project by Teletra to give statutory notifications or to carry out other activities such as maintenance and or installation. Teletra is required by law to give you at least 10 business days notice before engaging in activities on your land (or at least 2 business days if no part of the land is included in a "sensitive area" and the activity is only inspection and survey which will not involve any material disturbance to the land).

NNACS ID: 2482273 AuthMOU - Dec 2003

All laws providing for the protection of places or items of significance to the cultural heritage of Aboriginal persons or Torres Strait Islanders will be complied with.

#### 2. Compensation

y E \*

If you suffer financial toss or damage in relation to property because of anything done by Telstra when engaging in the above activities, compensation may be payable under clause 42 of Schedule 3 to the Telecommunications Act. A right to compensation only arises where financial loss or damage is suffered as a result of carrier activities. Telstra is not in a position to agree on any amounts of compensation until after we have concluded our activities.

#### 3. Objection Process

The Telecommunications Code of Practice 2018 (Cfh) provides for a right of objection and how objections must be managed. Under the Code you have a right to object about the exercise of power described in this notice only if its relates to one or more of the reasons listed below:-

- Using the objector's land to engage in the activity.
- (ii) The location of a facility on the objector's land.
- (iii) The date when we propose to start the activity, engage in it or stop it.
- (iv) The likely effect of the activity on the objector's land.
- Our proposals to minimise detriment and inconvenience, and to do as little damage as practicable, to the objector's land.

In order for any objection to be valid under the Code, your objection must be directed in writing to the address shown on this Notice within the time frames below, depending on the type of activities:-

- (i) Inspection and survey any objection must be given within 1 business day after the notice is received where no part of the land is included in a "sensitive area" and the activity will not cause a material disturbance to the land. For all other inspection and survey activities any objection must be given within 9 business days after the notice is received; and
- For installation and maintenance activities any objection must be given at least 5 business days before we propose to engage in the activities.

If you make an objection on one of the grounds above within the specified time frames, reasonable efforts will be made to contact you for the purposes of consultation within 5 business days after receiving your objection. Reasonable efforts will also be made to resolve the objection by agreement with you within 20 business days after receiving the objection. If your objection cannot be resolved by agreement within 25 business days after receiving the objection, a further notice will be provided to you advising whether:

- Telstra proposes to change the activity and if so, how, or
- (ii) if Telstra does not propose to change the activity why we will engage in the activity as originally proposed.

If your objection cannot be resolved by agreement, you are not satisfied with our response to your objection and the objection falls within the jurisdiction of the Telecommunications Industry Ombudsman (the "Ombudsman"), you may request in writing that your objection be referred to the Ombudsman. Time limitations for referral to the Ombudsman are also applicable, depending on the type of activities as follows:

- inspection and survey you must request referral within 9 business days after you receive a response to the objection;
   and
- (ii) for all other activities you must request referral within 5 business days after you receive a response to the objection.

Email from DPLH regarding Planning Reform Brochure from Heritage Council

# **Background:**

The Shire of Meekatharra engaged consultants to complete Local Planning Scheme 4 (LPS4) in 2013. This was been partially completed in 2015 including advertising, though not finally registered with DLPH. In February 2021, Council began a full review of the document with the intention of rewriting sections of the proposed scheme that appear unworkable for this Shire.

An email recently received from DPLH indicates significant reform of current legislation and regulations since this project was last reviewed.

Staff were recently contacted by the DPLH for access to the shire of Meekatharra Heritage List, and it has become apparent this list has not been created. The Planning and Development (Local Planning Schemes) Regulations 2015 has been enacted since the Shire of Meekatharra Town Planning Scheme 3 was endorsed, and the proposed LPS4 was last accessed.

S8(1) of these Regulations state –

- "8. Contents of local planning scheme
  - (1) The documents that comprise a local planning scheme are the following
    - (a) the scheme map for the local planning scheme;
    - (b) the local planning scheme text;
    - (c) if any of the provisions set out in Schedule 2 have not been incorporated into the local planning scheme text those provisions;
    - (d) any supporting plans, maps, diagrams, illustrations and other material.

(2) The Commission may specify any supporting plans, maps, diagrams, illustrations and other material that are to be included in a local planning scheme."

Schedule 2 of the Regulations refer to the Heritage List that must be consulted when assessing applications, and as such the Heritage List carries legal weight when determining outcomes for heritage places, in particular relation to building applications and Town Planning Schemes.

Staff now recommend a cursory review of the previously prepared LPS4 with the intention of lodging the scheme, and undertaking a full review of this scheme with a view to align with all Legislative and Regulatory requirements in the next budget year.

It is possible that the Heritage List is one of a number of underpinning documents that the Shire do not currently have in place due to the pace of change in the field of Planning Reform in Western Australia.

# **Comment:**

Department of Planning, Lands and Heritage staff have been very accommodating in assisting Shire staff to expedite finalization of an updated Scheme, due to the current Town Planning Scheme being very outdated and not aligned with current legislation.

Shire staff recommend this assistance be accessed in the first instance to register a more current version of the scheme, with a rigorous review to be undertaken in the next budget year to determine legislative and regulatory changes are articulated, and required underpinning documents are in place.

Subject: Amendments to Local Planning Policies to align with LPS Regulations and R-Codes - advertising

requirements

Dear local government stakeholder

On 18 December 2020, the *Planning Regulation Amendment Regulations 2020* were gazetted, introducing amendments to the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations). These amendments will generally become operational on 15 February 2021, with the Part 9A car parking provisions coming into effect on 1 July 2021. A consolidated version of the LPS Regulations, reflecting the amendments that will become effective on 15 February 2021, is available on the Department of Planning, Lands and Heritage's website at <u>Planning and Development (Local Planning Schemes) Regulations 2015 - Department of Planning, Lands and Heritage (dplh.wa.gov.au)</u>

In addition, the Western Australian Planning Commission (WAPC) has resolved to endorse proposed amendments to State Planning Policy 7.3 Volume 1 — Residential Design Codes (R-Codes), which were initiated to streamline assessment processes and reduce unnecessary red-tape for low to medium density residential development. These amendments are anticipated to be gazetted in July 2021 and the schedule of amendments is available on the Department of Planning, Lands and Heritage's website at State Planning Policy 7.3 - Residential Design Codes - Department of Planning, Lands and Heritage (dplh.wa.gov.au) under the heading 'Interim R-Codes review'.

As a result of these changes, local government may be required to amend certain local planning policies (LPPs) to align them with the updated Regulations and the R-Codes. The amended LPPs may require a period of public consultation as set out in the Regulations, unless the amendment is considered to be a minor amendment.

In this regard, and to ensure that local governments can respond appropriately to these changes, the WAPC has resolved to advise all local government authorities that any proposed amendments to local planning policies that are required solely to bring them into alignment with the *Planning Regulations Amendment Regulations 2020* or *State Planning Policy 7.3 Volume 1 – Residential Design Codes* are considered to be minor amendments and, therefore, do

not require advertising as set out in Schedule 2 clause 4 and 5 of the Regulations. This will ensure that any amendments required to local planning policies can be undertaken in a timely manner.

Local government is encouraged to commence reviewing its existing LPPs and undertake any modifications that are required once the amended Regulations and R-Codes become operational.

If you have any queries in respect to the above, please contact the Planning Reform team (planningreform@dplh.wa.gov.au).

Kind Regards,

# 1 INTRODUCTION

# 1.1 BACKGROUND

"Heritage supports urban and rural amenity by providing familiarity and the presence of landmarks, by underpinning our 'sense of place', and by enhancing the quality of our built environment generally." (State Planning Policy 3.5; Historic Heritage Conservation (SPP3.5))

Local governments, in close engagement with their communities, perform an important role in the identification and protection of places of cultural heritage significance.

Identifying the heritage values of a place is the first step in the process of heritage management, which aims to respect and retain those qualities and characteristics that contribute to a place's significance. This is followed by the establishment of policies and processes that allow for appropriate consideration and controls.

The deemed provisions of the Planning and Development (Local Planning Schemes) Regulations 2015 require that local governments establish and maintain a heritage list to identify places that are of cultural heritage significance and worthy of built heritage conservation (s.8(1)). As with all parts of the deemed provisions, this becomes a requirement of each local planning scheme.

ABOVE: Boulder Town Hall. Image supplied by the City of Kalgoorlie-Boulder.

Including a place on the heritage list gives the place recognition and protection under the local planning scheme. It requires the local government to give due regard to the heritage significance of the listed place when determining a related development application.

It also means that owners must submit development applications for proposals that would otherwise be exempt from the requirement for development approval under the deemed provisions. This includes demolition, applications for internal building works, single dwellings, ancillary buildings, and outbuildings and other external structures.

Including a place on the heritage list may also assist in defending a subsequent appeal to the State Administrative Tribunal for a refused development application or a condition of approval imposed on heritage grounds.

Importantly, including a place on a heritage list does not limit or restrict how a local government is to determine an application, or prohibit building works or other development from occurring.

# 1.2 PURPOSE OF GUIDELINES

These guidelines have been prepared to support local governments in conserving local heritage places through the establishment of heritage lists.

To enable a consistent and transparent framework for the operation and administration of local heritage lists, local governments are encouraged to adopt a local planning policy (LPP) under their local planning scheme. These guidelines provide direction for preparing a LPP for heritage lists, including sample text for a LPP (refer Appendix 1), which local governments may modify and adapt as necessary to suit local circumstances.

# 1.3 WHEN TO USE THE GUIDELINES

These guidelines are primarily to be used to assist local governments in determining the content of related LPPs for heritage lists, including the discretionary elements of the policy. They also provide supporting information for local governments when considering local heritage management processes and instruments. They may be used to inform decision-makers, assist with training of staff or elected members, and as reference material for ongoing use.

Use of the guidelines will assist local governments in supporting the outcomes and processes identified in SPP3.5.

Many elements of the LPP can be tailored to meet local needs, particularly when establishing thresholds for the inclusion of places in the heritage list. Each local government should ensure that the proposed LPP meets its requirements and is consistent with the local planning scheme, the Planning and Development Act 2005 and the Planning and Development (Local Planning Schemes) Regulations 2015.

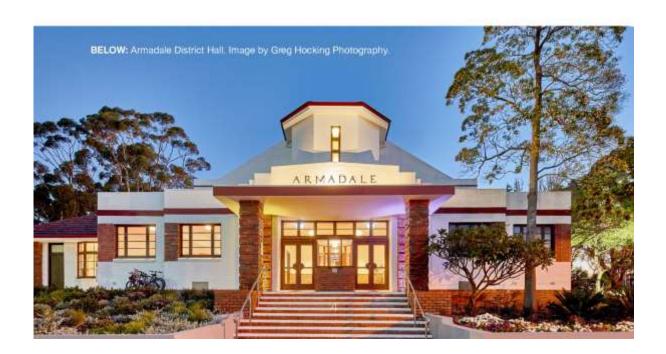

# 2 RELATIONSHIP BETWEEN the HERITAGE LIST and the LOCAL HERITAGE SURVEY

The Heritage Act 2018 (Heritage Act) requires each local government to identify places of cultural heritage significance in a local heritage survey (LHS) (previously referred to as a municipal or local government inventory). Part 8, section 104 of the Heritage Act states that the purposes of a LHS for a local government include:

- identifying and recording places that are, or may become, of cultural heritage significance in its district; and
- assisting the local government in making and implementing decisions that are in harmony with cultural heritage values; and

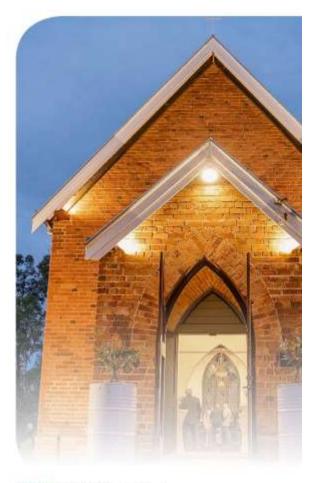

- providing a cultural and historical record of places of cultural heritage significance to its district; and
- d) providing an accessible public record of places of cultural heritage significance to its district; and
- assisting the local government in preparing its heritage list or list of heritage areas under a local planning scheme.

The LHS is important as a first point of identification of heritage places and is used, among other functions, to inform the preparation of a heritage list. However, the LHS itself has no specific planning or legal weight.

In contrast, the heritage list is an instrument that is afforded powers under the *Planning and Development Act 2005* and therefore carries statutory weight when determining planning outcomes for heritage places.

It is recommended that local governments adopt a LPP for heritage lists before initiating a review of their LHS. This sequence of events allows local government officers and elected members to consider the strategic implications of the LPP in a neutral context. Furthermore, this approach allows local governments to clearly explain to constituents the rationale for, and implications of the policy, without the potential distractions of individual place nominations.

# 3 The HERITAGE FRAMEWORK

A local planning policy for a heritage list will be most effective when integrated with a wider heritage framework that includes an overall strategy for providing assistance and incentives towards heritage conservation, as well as the policy and procedures to ensure good advice and development controls. This recognises that retention and conservation of heritage places provides a community benefit, and that local government acts for the community when aiding owners to deliver this benefit.

Assistance measures, such as specialised services, grants, rates concessions and development incentives, are practical and accessible ways local governments can recognise owner contributions to the conservation of heritage places, and can encourage participation in an optional listing if used.

Further information and assistance in development of a heritage framework is available from the Department of Planning, Lands and Heritage. Resources include:

- Guidelines for assessment of local heritage places (expected Summer 2020)
- Guidelines for local heritage surveys (July 2019)
- Guidelines and sample LPP text for identifying and creating heritage areas (expected Summer 2020)
- Guidelines and sample LPP text for development of heritage places (expected Summer 2020)

### Appendix 1

#### SAMPLE TEXT FOR A LOCAL PLANNING POLICY - THE HERITAGE LIST

The [City/Town/Shire] of \_\_\_\_Local Planning Scheme No. \_(the local planning scheme) makes provision for the establishment and maintenance of a heritage list.

The haritage list identifies places that are of outside haritage significance and worthy of built haritage conservation, so that development can, as far as possible, be consistent with the [City/Town/Shire]'s heritage conservation values. and objectives.

The [City/Town/Shire] will not enter a page in the hertage list without first consulting affected owners and occurred place and considering any submissions received on the proposed listing.

inclusion of a place in a hermage list does not limit the ability of a property dwiter to propose any works or other development, nor does it expect or require the [City/Town/Shire] to determine an application solely on heritage grounds. However, proposals that respect and letain the heritage values of the place are likely to be encouraged and may, where appropriate, be required.

# Explanatory Notes - Application

consistent with the local planning scheme. General requirements for LPPs are contained within Part 2, Division 2 of the deemed provisions

EXPLANATORY NOTES

publication of the LPP.

Explanatory Notes - Introduction

These notes do not form part of the policy and are intended to assist the local government in talloring the policy text to meet its own needs. They may also assist in developing supporting material for heritage matters, but should be removed before

The LPP for heritage lists should take the format and approach developed for LPPs by each local government and be adopted and maintained

of the Planning and Development (Local Planning Schemes) Regulations 2015.

Until such time as the hertage list is reviewed and subsequently adopted, the hertage list associated with a previous local planning scheme remains valid, where its format is consistent with the deemed. provisions

The deemed provisions of 67(%) require that the local government has due regard to the built heritage conservation of any place that is of cultural significance. It is not required that this is a place on a heritage list.

#### Application

This policy applies to the administration and operation of the heritage list established pursuant to clause 8. Schedule 2 of the Planning and Development (Local Planning Schemes) Regulations 2015 and associated with the local planning scheme

Note that the herisage provisions of the local planning scheme will apply to some places that are not included in a heritage list

#### Objectives

The objectives of the policy are to:

- achieve transparency and consistency in the designation of places on the hertage list
- provide disarguidance on how objections to a proposed inclusion on the heritage list will be assessed
- · ensure that the heritage list is maintained in a manner and form that is consistent with the local planning achieve

· provide clear guidance on the criteria for including and excluding a place from the heritage list.

### Use of terms

Unless otherwise noted, terms used in this policy have common meanings and include those defined in the Planning and Development Act 2005, Planning and Development (Local Planning Schemes) Regulations 2015, and the Hentige Act 2018.

### Policy

### Format of the heritage list

The definitive version of the heritage list is the most recent dated document that has been adopted by a resolution of Council. The heritage list is available for inspection during business hours at the [City/ Town/Shire] offices and on the [City/Town/Shire]'s website

The heritage list will set out a description of each place and the reason for its entry in the heritage list. and be presented in a format consistent with the template at Schedule 1 of this policy

The place name and location details are considered sufficient to describe each place. A statement of significance drawn from the place's entry in the local heritage survey is considered sufficient to provide the reason for its inclusion in the heritage list.

Further information on each place will be maintained in the Heritage Council's online database in Herit (www.intent.statehentage.wa.gov.au). If there is any inconsistency between sources, the [City/Town/ Shire]'s hard copy of the heritage list shall be determined the correct version. The inclusion of a link to the infield entry for each place should be included in electronic versions of the heritage list.

### Explanatory Notes -

### 1 Format of the heritage list

While the minimum requirement of the LPS is for the heritage list to be available for inspection with the Scheme documents, making it also available on the local government website is the recommended approach and is strongly encouraged.

The LPS requires the heritage lot to 'set out a description of each place and the reason for its entry in the heritage list' (clause 8(2)(a) of the deemed provisions). The content identified in Schedule 1 is considered sufficient to describe the place and identify key heritage values leading to its inclusion in the heritage

It is open to the local government in forming its policy to determine alternative means of meeting the requirements of the

The Heritage Council's online databasii, inHerit, provides a controlled resource that enables local governments to manage and publish both their LHS and heritage list. An inHent entry can be used to note whether a place is included in the heritage list and provides all data that has been entered for the place.

#### 2 Threshold for inclusion in the beritage list

### Table 1: Heritage significance and inclusion in the heritage list

| Level of significance<br>to local area | Category | Description                                       | Heritage list                                  |
|--|----------|---|--|
| Exceptions/<br>significance            | 1        | Essential to the heritage of the locality         | All places included in<br>heritage list        |
| Considerable<br>significance           | 2        | Rare or outstanding example                       | All places included in<br>heritage list.       |
| Some / Moderate<br>significance        | 3        | Very important to the<br>heritage of the locality | Places may be included<br>in the heritage list |
| Little significance                    | 4        | Contributes to the<br>heritage of the locality    | Below the threshold for<br>the heritage list   |

Establishment and meintenance of the heritage list is a requirement of the deemed provisions contained in the Pánning and Development (Local Planning Scheme) Regulations 2015. Inclusion in the heritage list will be based on an assessment of cultival heritage significance of a place and the [City/Town/Shret[is opinion as to whether it is worthy of built heritage conservation.

The designation of cultural heritage significance for local heritage places will be taken from the [City/ Town/Shire]'s local heritage survey (LHS). The assessment and designation of significance will be carried out in line with the Guidelines for Local Heritage Surveys (Heritage Council of Western Australia, July 2019).

A place may be considered worthy of built heritage conservation irrespective of its current state of repair, ongoing requirements for conservation, care and maintenance; or economic worth.

The [City/Town/Shie] is of the opinion that all places included in the State Register of Heritage Places have cultural heritage significance and are worthy of built heritage conservation, and will be added to the heritage list.

#### Explanatory Notes -

### 2 Threshold for inclusion in the heritage list

Each local government should determine the threshold of significance that will be applied when considering whether a place should be included in the heritage list. All places in the LHS have been assessed as having cultural heritage significance. The further threshold for inclusion in the heritage list is whether the place is "worthy of built heritage conservation", also referred to here as simply "worthy of conservation".

As a minimum, it is recommended that all places in the State Register, and those identified in the LHS as having "Exceptional" or Considerable (Category 1 and 2) significance for the local area should be considered worthy of conservation and therefore warrant inclusion in the heritage list.

Places in Category 3 often make up most of the entries in a LHS, but local governments may hold different views as to whether they should be included in the heritage list. The model LPP gives the option that determination as to whether these places are worthy of conservation is made in consultation with the owner. This recognises that the objective of conservation of these places will be more readily achieved when actively supported by the owner.

This mechanism allows the local government to determine the weight they give to the owner's views, potentially allowing those owners in Category 3 who do not agree that their property is worthy of conservation to have a greater influence on the local government's own opinion.

It would also be a valid option for Category 3 places to be established by default as worthy of conservation, as with Category 1 and 2, or not, as with Category 4.

Note that, in all cases, while the owner's submissions should be taken into account, the bical government must still independently determine whether the place is of cultural heritage agrificance and worthy of conservation.

The [City/Town/Shire] is of the opinion that all places designated as having "exceptional" or considerable' significance to the local area (Category 1 or 2) are worthy of built heritage conservation and should in all cases be included in the heritage list.

The [City/Town/Shier]'s opinion as to whether places designated as having "some/moderate" significance (Catsigory 3) are worthy of built heritage conservation will be formed in consultation with the property owner.

Places designated as laving little significance to the local area (Catagory 4) are not considered to be worthy of built heritage conservation and will not be included in the heritage list.

A place that is not individually considered to be worthy of built heritage conservation may still be included in a heritage area adopted under the local planning scheme.

Places included in the LHS as Category 4 would commonly be considered below threshold and not included in the heritage sist. These are places of little significance that are worthy of noting for reference, or for community interest, but do not need to be monitored and controlled through the planning framework. They may be sites of earlier buildings, places of some local interest, or places that are otherwise useful to note but not ratal. Information on these places is still of value and data in the LHS may inform other heritage initiatives such as heritage trials, creation of heritage areas, local history research projects, and educational activities.

It is worth noting that an historic site may have a high level of significance and should not always be assumed to be a Category 4 piace. The significance may relate to identified or potential archaeology, a high level of historic or social significance, or other factors that do not rely on the presence of physical remains.

It may be useful to determine how the view of multiple owners will be assessed in the consultation process. The local government may have established processed and standards for engagement to follow, or may wish to identify whether a simple majority, proportionate majority or usaminous decision are needed. This would then need to be stated within the policy.

It is important to note that identification of a hemage area is a separate process, and the inclusion or exclusion of an individual place in the heritage list does not affect the potential for adoption of a heritage area.

### 3 Changes to the heritage list

#### 3.1 Consultation

Consultation on changes to the heritage list, including addition, variation or removal of any entry, will meet or exceed the minimum requirements of the local planning achierre.

Consultation in relation to specific actions is identified in the relevant section of this policy.

The [City/Town/Shie] will give written notification of any changes to the heritage list to the Heritaga Council of Western Australia and the affected owner and occupier.

### Explanatory Notes -

#### 3.1 Consultation

Minimum consultation requirements for modifying the heritage list are set out in clause \$(3) of the deemed provisions and include notification to each owner and occupier, and a minimum 21 days automission period. The consultation requirements in the policy may be varied as needed to meet local conditions, but should not be less than the minimum.

The policy should note any group or body (such as a local history society or heritage advisory group), that will be included in the consultation process.

The preferred method of notification is in writing, submitted to HCWArdemais@dpih.wa.gov.au, The local government is also encouraged to update the relevant entries in the in-Herit database.

#### 3.2 Entry of a place in the heritage list

The LHS prepared by the [City/Town/Shirs] will be used as the basis for establishing cultural heritage significance for each place. Accordingly, requests for the assessment of heritage values of a place shall be processed as a non-ination for the LHS. The inquest should provide a sufficient description to enable accurate identification of the place, and give reasons why the nominee believes the place is of cultural heritage significance.

If a place is adopted in the LHS by resolution of Council and its assigned level of significance meets the threshold for possible inclusion in the heritage list as defined in Table 1, and the (City/Town/Shire) considers that the place is worthy of conservation, the (City/Town/Shire) will begin the consultation process to consider inclusion of the place in the heritage list.

An objection to the level of cultural heritage significance identified for a place should be accompanied by supporting insterial to clearly articulate any errors or ornisations in the assessment documentation that may indicate why a different conclusion on the significance of the place should be reached.

#### Explanatory Notes -

### 3.2 Entry of a place in the heritage list

The trigger for considering inclusion of a place on a heritage list will generally be a decision on its level of duffural heritage significance, usually associated with adoption or review of a LHS. If it therefore recommended that nominations of a heritage place are invited only in relation to assessment for inclusion in the LHS. If separate information, guidelines or forms are available for nominating a place to the LHS, this should be referenced in the LPP.

Assessment of cultural heritage significance is a substantial exercise that is usually undertaken during the drafting and adoption of a LHS. Development of a heritage list should not generally require a separate exercise to determine significance as the LHS will alwayd contain this information.

#

Some local governments, however, have identified that they prefer to undertake additional assessment of places proposed for the heritage list. This is a matter for each local government to consider and determine based on its individual needs and resources.

Where the local government has any doubt about the validity, oursercy or completeness of information used to establish the LHS, consideration of a place for inclusion in the heritage list should include a full eview of this data.

An underlying principle is that inclusion in the heritage list should be derived from the assessment of significance, both directly in identifying the cultural heritage significance of the place, and indirectly in defining whether it has been designated within a category that the local government considers worthy of contenuation.

### 3.3 Modifying an entry in the heritage list

Changes to an entry in the heritage list may be initiated by the [City/Town/Shire] as part of the administration of the list, or by nomination using the form in Schedule 2 of this policy. The [City/Town/ Shire] will consider all requests for change, but is not obliged to make such a change.

A decision on progressing the change will take into account the relevance, necessity and benefits of updated information and the administrative requirements of the consultation process. In general, minor and inconsequential changes to the heritage list will not be progressed immediately, but may be detented for later consideration as part of a broader update.

### Explanatory Notes -

### 3.3 Modifying an entry in the heritage list

Proposals for changes to the heritage list can result from new research (for example, undertaken during a LHS review), completion of approved development works, or updated information from the owner, community or other source. In some cases this will result in a re-assessment of the heritage values of a place, with the potential for this to be reflected in the heritage list entry for the place.

Regardless of the extent or type of proposed change to the nerhape list, each owner and occupier must be given written notice and allowed a period of at least 21 days to make a automission. This policy therefore notes that requests for change will be considered on an individual basis with discretion granticed as to whether and when, the change is progressed.

#### 3.4 Hemoving an entry from the heritage list

Permoval of a place from the heritage list may be appropriate where the (City/Town/Shire) considers that the outural heritage significance of a place has substantially changed, to the extent that it no longer displays the values for which it was included in the heritage list and/or is no longer considered worthy of built heritage conservation. This may be the result of substantial demolition of, or damage to, a place, or preservation of new evidence about the place.

A proposal to remove a place may be made by the jClty/Town/Strief's Council or its officers, or by the owner or occupier of a place. If proposed by an owner or occupier, the crus will be on them to demonstrate that the cultural heritage significance of the place and/or the extent to which it is considered worthy of built huritage conservation is below the threshold for includion in the heritage left.

In addition to consultation with owners and occupiers for each place for which removal is requested, consultation on such an action may be carried out by insting comment.

- . from the general community through the [City/Town/Shire] website
- · from the local historical society
- . as part of a community forum or workshop held for that purpose or
- in any other manner that may reasonably result in providing relevant information on the outural heritage values of the place.

The [City/Town/Shire]'s opinion as to the cultural heritage significance of a place is determined solely by a resolution of Council at a properly convened meeting.

Substantial development, demolition or loss of fabric will not automatically result in removal from the heritage list, as the place may still retain sufficient cultural heritage significance to support inclusion in the heritage list, particularly if the heritage values relate to social or historical significance.

The (City/Town/Shire) will retain a record of all places removed from the heritage lat

#### Explanatory Notes -

#### 3.4 Removing an entry in the heritage list

As with objections to inclusion in the heritage list, requests to remove a place should be based primarily on consideration of its outlural heritage significance, but also take into account whether the place is still considered worthy of conservation.

A proposal to remove an entry would also be a change to the heritage list and therefore triggers the need for consultation as specified in clause 8(3) of the deemed provisions.

While the minimum requirement for consultation is an invitation to each owner and occupier to make a submission, wider consultation is considered appropriate and is recommended for the proposed removal of a piace. This reflects the consultation process for determining significance for initial adoption in the

The policy can also note grounds it considers muserable for removal of a place from the heritage six. In general, it would not be sufficient to argue for removal simply because of economic factors or to allow demolition. If the Council wishes to support the demolition of a heritage place, it can do so, but should acknowledge that it is placing other priorities ahead of conservation automies.

A record of places removed from the heritage list could form part of the Local Heritage Survey, or form a separate table within the heritage list document. This information may also be retained within the in-Herit distabase.

### 4 Designation of significant interiors

Development approval for works to the interior of a building is required where the place is designated in the heritage list as having 'an interior with cultural heritage agmificance'.

The designation on the hertage list of 'an interior with cultural hertage agnificance' will be based on the assessment of significance associated with the place, and will be noted as part of the entry of the place in the heritage list. The entry will describe which interior elements or objects have been assessed as contributing to the cultural heritage significance of the place, and will therefore be considered when determining proposals relating to the place.

Where access to assess the interior of a place has not been provided, but there is reliable evidence to support the existence of significant features (e.g. written reports, oral histories, serier photographs, or other primary sources), the designation of 'an interior with outurar heritage significance' may also be made.

Adding the designation of 'an interior with cultural heritoge significance' constitutes a modification to the place's entry in the heritage list and must therefore follow the consultation process set out in this policy.

### Explanatory Notes -

### 4 Designation of significant interiors

Clause 61(b) of the deemed provisions allows imemal building work to be carried out without development approval unless the work relates to a place identified in the heritage list as theiring an interior with cultural heritage agnificance or the place is subject to state-level protection under the Heritage Act.

Designation of an interior with cultural heritage significance should be clear and unambiguous and is best achieved by hotation in a specified field in the heritage list. This should be based on a statement about interior features within the statement of significance, or clear evidence within the physical description or history.

The Heritage Counci's in-Herit online distabase provides a simple option for this designation – when noting a place as being included in the heritage list, it can be associated with a stirtus of 'significant interior'. Those places without this designation would have a status of simply 'adopted' or 'yes'.

As a preference, designation of an interior with cultural heritage significance should be made based on a recent survey, undertaken with the permission of the property owner. The policy, however, recognises that this may not always be possible, and that other reliable sources can support in designation of significance.
