#### **Summary/Matter for Consideration:**

This report puts forward the 2022/23 Statutory Budget for Council's endorsement and acceptance.

#### **Attachments:**

2022/23 Statutory Budget  
2022/23 Schedule of Fees and Charges

#### **Background:**

Every year Council is required to adopt a budget for that financial year. At the Ordinary Council Meeting held on Saturday 9 April 2022, the proposed differential rates were approved by Council and advertised for public comment on 1 May 2022. One submission was received prior to the public comment period closing on the 24 May 2022.

As the proposed Mining UV rate (20.0000) is more than twice the lowest differential rate, in this case Pastoral UV (8.5000) Ministerial approval is required.

#### **Comment:**

Council has held two workshops to review the proposed 2022/23 budget. The draft budget was amended to take into account the changes discussed at the workshops.

The Statutory Compliant Budget has now been prepared and includes the information required by the Local Government Act 1995, Local Government (Financial Management) Regulations 1996 and Australian Accounting Standards. This Budget is submitted for adoption.

The budget continues to deliver on strategies adopted by the Council and maintains a high level of service across all programs while ensuring an increased focus on road and associated infrastructure as well as on renewing assets at sustainable levels.

The budget is based on an expected surplus of \$8.4M carrying forward from the 2021/22 year.

At the time of writing this agenda item Ministerial approval had not yet been received granting the right to impose a differential rate for UV Mining that is more than twice the lowest differential rate imposed for UV Pastoral.

Local Government Act 1995 (LGA) Section 6.2 states that the budget must be adopted “*in the form and manner prescribed*”. Prescribed in this case includes the Minister’s approval for differential rates, and since those differential rates are part of the Budget, there can be no Council decision on a Budget containing differential rates without Ministerial approval.

Section 6.2 of the LGA also places an obligation on the Budget to incorporate rate particulars, and that condition can’t be met unless these are approved. This means that:

- a Budget is compliant only if, among other things, contains rates particulars,
- the rates particulars, in the case of differential rates more than twice the lowest differential rate imposed, are compliant only if approved by the Minister.

If Ministerial approval is not received in time this item will be required to be withdrawn.

**Consultation:**

Kelvin Matthews – Chief Executive Officer  
Megan Shirt – Consultant  
All Councillors  
Internal & External Staff

**Statutory Environment:**

Section 6.2 of the Local Government Act 1995  
Part 3 of the Local Government (Financial Management) Regs 1996

**Policy Implications:**

The Annual Budget has an effect on the majority of Councils current policies. The budget is based on the principles contained in the Corporate Business Plan.

**Budget/Financial Implications:**

The 2022/23 Budget is the main document relating to Council’s Income and Expenditure for the coming Financial Year.

**Strategic Implications:**

**SHIRE OF MEEKATHARRA**  
**NOTES TO AND FORMING PART OF THE BUDGET**  
**FOR THE YEAR ENDED 30 JUNE 2023**

**1 (a) BASIS OF PREPARATION**

The annual budget has been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government Act 1995* and accompanying Regulations take precedence over Australian Accounting Standards where they are inconsistent.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

Accounting policies which have been adopted in the preparation of this annual budget have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the budget has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

Financial reporting disclosures in relation to assets and liabilities required by the Australian Accounting Standards have not been made unless considered important for the understanding of the budget or required by legislation.

**The local government reporting entity**

All funds through which the Shire of Meekatharra controls resources to carry on its functions have been included in the financial statements forming part of this annual budget.

In the process of reporting on the local government as a single unit, all transactions and balances between those Funds (for example, loans and transfers between Funds) have been eliminated.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 13 to the annual budget.

**2021/22 actual balances**

Balances shown in this budget as 2021/22 Actual are estimates as forecast at the time of preparation of the annual budget and are subject to final adjustments.

**Budget comparative figures**

Unless otherwise stated, the budget comparative figures shown in the budget relate to the original budget estimate for the relevant item of disclosure.

**Comparative figures**

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

**Initial application of accounting standards**

During the budget year, the below revised Australian Accounting Standards and Interpretations are expected to be compiled, become mandatory and be applicable to its operations.

- AASB 2020-3 Amendments to Australian Accounting Standards - Annual Improvements 2018-2020 and Other Amendments
- AASB 2020-6 Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current - Deferral of Effective Date

It is not expected these standards will have an impact on the annual budget.

**New accounting standards for application in future years**

The following new accounting standards will have application to local government in future years:

- AASB 2021-2 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates
- AASB 2021-6 Amendments to Australian Accounting Standards - Disclosure of Accounting Policies: Tier 2 and Other Australian Accounting Standards

It is not expected these standards will have an impact on the annual budget.

**Judgements, estimates and assumptions**

The preparation of the annual budget in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets
- estimation of fair values of land and buildings and investment property
- impairment of financial assets
- estimation uncertainties and judgements made in relation to lease accounting
- estimated useful life of assets

**Rounding off figures**

All figures shown in this statement are rounded to the nearest dollar.

Exclude administration fees, interest on instalments, interest on arrears, service charges and sewerage rates.

**SERVICE CHARGES**

Service charges imposed under Division 6 of Part 6 of the *Local Government Act 1995*. Regulation 54 of the *Local Government (Financial Management) Regulations 1996* identifies these as television and radio broadcasting, underground electricity and neighbourhood surveillance services.

Excludes rubbish removal charges. Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

**PROFIT ON ASSET DISPOSAL**

Profit on the disposal of assets including gains on the disposal of long term investments. Losses are disclosed under the expenditure classifications.

**OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Refer to all amounts received as grants, subsidies and contributions that are not non-operating grants.

**NON-OPERATING GRANTS, SUBSIDIES AND CONTRIBUTIONS**

Amounts received specifically for the acquisition, construction of new or the upgrading of non-current assets paid to a local government, irrespective of whether these amounts are received as capital grants, subsidies, contributions or donations.

**FEES AND CHARGES**

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees. Local governments may wish to disclose more detail such as rubbish collection fees, rental of property, fines and penalties, other fees and charges.

**INTEREST EARNINGS**

Interest and other items of a similar nature received from bank and investment accounts, interest on rate instalments, interest on rate arrears and interest on debtors.

**OTHER REVENUE / INCOME**

Other revenue, which can not be classified under the above headings, includes dividends, discounts, and rebates. Reimbursements and recoveries should be separated by note to ensure the correct calculation of ratios.

**EXPENSES**

**EMPLOYEE COSTS**

All costs associated with the employment of person such as salaries, wages, allowances, benefits such as vehicle and housing, superannuation, employment expenses, removal expenses, relocation expenses, worker's compensation insurance, training costs, conferences safety expenses, medical examinations, fringe benefit tax, etc.

**MATERIALS AND CONTRACTS**

All expenditures on materials, supplies and contracts not classified under other headings. These include supply of goods and materials, legal expenses, consultancy, maintenance agreements, communication expenses, advertising expenses, membership, periodicals, publications, hire expenses, rental, leases, postage and freight etc. Local governments may wish to disclose more detail such as contract services, consultancy, information technology, rental or lease expenditures.

**UTILITIES (GAS, ELECTRICITY, WATER, ETC.)**

Expenditures made to the respective agencies for the provision of power, gas or water. Exclude expenditures incurred for the reinstatement of roadwork on behalf of these agencies.

**INSURANCE**

All insurance other than worker's compensation and health benefit insurance included as a cost of employment.

**LOSS ON ASSET DISPOSAL**

Loss on the disposal of fixed assets includes loss on disposal of long term investments.

**DEPRECIATION ON NON-CURRENT ASSETS**

Depreciation and amortisation expense raised on all classes of assets.

**INTEREST EXPENSES**

Interest and other costs of finance paid, including costs of finance for loan debentures, overdraft accommodation and refinancing expenses.

**OTHER EXPENDITURE**

Statutory fees, taxes, provision for bad debts, member's fees or State taxes. Donations and subsidies made to community groups.

## 1 (c) KEY TERMS AND DEFINITIONS - REPORTING PROGRAMS

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs.

### OBJECTIVE

### ACTIVITIES

#### Governance

Administration and operation of facilities and services to members of council; other costs that relate to the tasks of assisting elected members and ratepayers on matters which do not concern specific council services.

#### General purpose funding

Rates, general purpose government grants and interest revenue. Costs associated with raising of rates, collection of debts and other funding activities within this programme.

#### Law, order, public safety

Supervision of various by-laws, fire prevention, emergency services and animal control. Operation of Council's Ranger services.

#### Health

Food quality and pest control, monitoring and control of environmental health. Contract operation for health issues within the community.

#### Education and welfare

Provision and maintenance of various premises in support of community services including the Community Resource Centre. Financial assistance on a needs arise basis for the community's education and welfare. Provision, maintenance and support for the community youth centre.

#### Housing

Maintenance of staff and rental housing.

#### Community amenities

Rubbish collection services, operation of tip, noise control, administration of the town planning scheme, maintenance of cemeteries, storm water drainage maintenance and operation and maintenance of sewerage schemes.

#### Recreation and culture

All land (other than exempt land) in the Shire of Meekatharra is rated according to its Gross Rental Value (GRV) in townsites or Unimproved Value (UV) in the remainder of the Shire of Meekatharra.

The general rates detailed for the 2022/23 financial year have been determined by Council on the basis of raising the revenue required to meet the deficiency between the total estimated expenditure proposed in the budget and the estimated revenue to be received from all sources other than rates and also considering the extent of any increase in rating over the level adopted in the previous year.

The minimum rates have been determined by Council on the basis that all ratepayers must make a reasonable contribution to the cost of local government services/facilities.

### (c) Objectives and Reasons for Differential Rating

To provide equity in the rating of properties across the Shire the following rate categories have been determined for the implementation of differential rating.

#### Differential general rate

Description	Characteristics	Objects	Reasons
GRV	Properties within the townsite boundaries.	The object of the GRV rate is to allow sufficient revenue for Council to operate efficiently and provide a diverse range of services while maintaining consistent revenue for GRV assessments.	The reason for the level of GRV rate is to allow for a fair contribution to the maintenance and provision of town infrastructure and services to a sustainable level.
UV - Rural / Pastoral	Properties within the Shire that are predominately for rural use.	The object of the UV Pastoral rate is to ensure that the proportion of total rate revenue derived from UV Pastoral is comparable with previous years and provides the base rate to assess the other UV rated properties.	<p>The reason for the lower rate for UV Pastoral is to reflect the lower impact on transport infrastructure compared to the UV Mining category. Generally Pastoralists carry out minor road maintenance with their own machinery.</p> <p>Pastoral leases within the Shire of Meekatharra are normally large parcels of land that attract a relatively high valuation. The Pastoral UV rate ensures that every landowner makes a reasonable contribution to the rate burden.</p>

 NOTES TO AND FORMING PART OF THE BUDGET  
 FOR THE YEAR ENDED 30 JUNE 2023  
 2. RATES AND SERVICE CHARGES (CONTINUED)

(c) Objectives and Reasons for Differential Rating

UV - Mining

Properties within the Shire with a mining, exploration or prospecting tenement lease.

The object of the UV Mining rate is to raise the necessary revenue for Council to operate efficiently and provide a diverse range of services.

The reason for setting UV Mining rate at a higher level than UV Pastoral is to ensure a sector of ratepayers that essentially are transitory contribute to the maintenance of the Shire's established assets and services to the extent that the mining operators use them.

These include: -

Unsealed roads - among the services utilised by ratepayers with tenements is the extensive network of unsealed roads within the Shire. A substantial amount of budgeted capital expenditure is for works on Shire roads.

Refuse site - Mining and exploration activities impose a heavy burden on the Shire's refuse site increasing maintenance costs and shortening the life of the landfill site.

Resources - Mining removes finite resources from the Shire. Ultimately this will have an impact on the mining industry within the Shire which will in turn impact rate revenue in future years.

Shire Administration - Mining, exploration and prospecting activities impose a greater administration service requirement on the Shire (applications, enquiries, tenement changes and revaluations).

Furthermore, in general mining operators use established Shire services and infrastructure but contribute very little or no enterprise to the community.

### 3 (d) NET CURRENT ASSETS (CONTINUED)

#### SIGNIFICANT ACCOUNTING POLICIES

##### CURRENT AND NON-CURRENT CLASSIFICATION

An asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

##### TRADE AND OTHER PAYABLES

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire of Meekatharra becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition.

##### PREPAID RATES

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

##### INVENTORIES

###### General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

###### Superannuation

The Shire of Meekatharra contributes to a number of superannuation funds on behalf of employees.

All funds to which the Shire of Meekatharra contributes are defined contribution plans.

##### LAND HELD FOR RESALE

Land held for development and sale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development. Finance costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed on to the buyer at this point.

##### GOODS AND SERVICES TAX (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

##### TRADE AND OTHER RECEIVABLES

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

##### PROVISIONS

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

##### EMPLOYEE BENEFITS

###### Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position. The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

##### CONTRACT LIABILITIES

An entity's obligation to transfer goods or services to a customer for which the entity has received consideration (or the amount is due) from the customer. Grants to acquire or construct recognisable non-financial assets to be controlled by the Shire are recognised as a liability until such time as the Shire satisfies its obligations under the agreement.

##### CONTRACT ASSETS

A contract asset is the right to consideration in exchange for goods or services the entity has transferred to a customer when that right is conditioned on something other than the passage of time.

#### 4. RECONCILIATION OF CASH

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Estimated cash at the end of the reporting period is as follows:

<b>Net cash from operating activities</b>		<b>2,300,775</b>	<b>1,498,852</b>	<b>3,255,900</b>

#### SIGNIFICANT ACCOUNTING POLICES

##### CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks, other short term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts.

Bank overdrafts are shown as short term borrowings in current liabilities in Note 3 - Net Current Assets.

##### FINANCIAL ASSETS AT AMORTISED COST

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

## SIGNIFICANT ACCOUNTING POLICIES

### DEPRECIATION

The depreciable amount of all fixed assets including buildings but excluding freehold land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Major depreciation periods used for each class of depreciable asset are:

Asset Class	Useful life
Buildings	10 - 40 years
Office Furniture & Equipment	1 - 20 years
Plant & Equipment	1 - 20 years
Roads - Unformed	Not Depreciated
Roads - Formed	Not Depreciated
Roads - Gravel	5 - 10 years
Roads - Sealed	1 - 50 years
Kerbing & Footpaths	10 - 40 years
Infrastructure Other	10 - 20 years
Drains & Sewers	80 years
Infrastructure Airport	20 years

### AMORTISATION

The depreciable amount of all intangible assets with a finite useful life, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The assets residual value of intangible assets is considered to be zero and useful live and amortisation method are reviewed at the end of each financial year.

Amortisation is included within Depreciation on non-current assets in the Statement of Comprehensive Income.
